Dear Friend of The Janus Information Facility,

Have you seen TRANSITION--the lively, literate and authoritative newsletter of the crossgender world? If you haven't, here are several cogent reasons why we think you should:

- It will help you keep abreast of developments in transsexualism, transvestism and related fields.
- Its brief, meticulously edited features will give you new insights into the ways of crossgender people and public attitudes toward them.
- Its ads will direct you to providers of merchandise and services who welcome crossgender people.
- The editors will gratefully consider your own contributions of news items, brief articles, personal stories, clippings from local papers--anything of interest to TSs, TVs and the professional people who work with them.
- TRANSITION is published from time to time--whenever there is sufficient material to warrant an issue--and will come to you in a plain, sealed envelope. The subscription rate is only \$10 for 10 issues (\$11, U.S. funds, for countries outside the U.S.) or \$18 for 20 issues (\$20 if you live abroad). Subscriptions in other than U.S. funds cannot be accepted.

Use the coupon below--with your check please.
