## STANDARD TIME DIFFERENCES

Standard time for the world is counted from Greenwich, England, with a change of one hour for every 15° of longitude. In a few places where a half-hour time difference is advantageous, standard time varies by 30 minutes from adjoining zones. When it is 5 p.m. in Greenwich, times across North America are as follows: Newfoundland, 1:30 p.m.; Nova Scotia, 1 p.m.; Eastern Standard Time, 12 noon; Central Standard Time, 11 a.m.; Mountain Standard Time, 10 a.m.; Pacific Standard Time, 9 a.m. Daylight saving time is the same as standard time of the next zone to the east.

# *Your New Dailyaide for 1985*

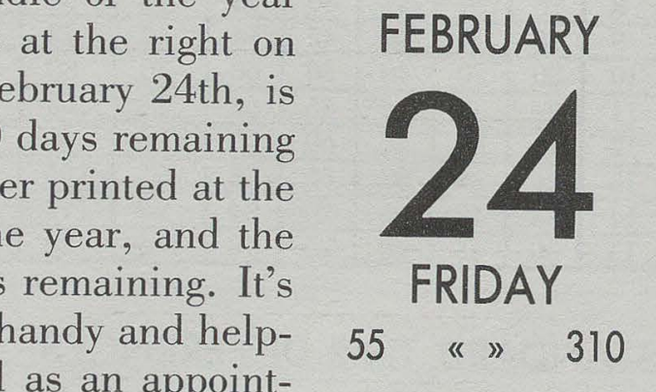
The purpose of this book is to make life easier and happier for thousands of folks like you who use the *Dailyaide* each year as a diary, an appointment book or an engagement book. It is not an almanac or a reference work, but is intended to serve as your personal yearbook for 1985. The primary consideration has been to provide adequate memo space and to note the legal holidays as they occur.

To help you schedule the dispatch of birthday cards, anniversary cards, or gifts—or to plan special observances—a half-page of "Memos and Birthday Reminders" is provided for every month of the year. This space can be filled in at the beginning of the year, or the first of each month. If a double-check is desired, each special event can also be noted in one of the blank memo lines at the bottom of the specific daily page.

Also provided is a table of movable holidays, data on standard time differences, and a condensed multiplication table for handy reference.

The 52 Sundays in the year are numbered consecutively by means of small numerals following the word "Sunday." On each diary page is a familiar motto—a thought to start your day. Many of the adages seem to have new meaning each time they are read.

Throughout the *Dailyaide*, on all dates that are not legal holidays, small numerals below each date indicate the day of the year and the number of days remaining. January 2nd is labeled "2—363," for instance, and July 1st, at the middle of the year shows "182—183." The example at the right on this page indicates that Friday, February 24th, is the 55th day of the year, with 310 days remaining before the end of 1985. The number printed at the left is always the actual day of the year, and the number at right indicates the days remaining. It's simple arithmetic, to be sure, but handy and helpful. To make the *Dailyaide* useful as an appointment book, the pages are ruled for each half hour for 12 hours, beginning at 8 o'clock. As someone has said, "It is more important to know where you are going than to get there quickly." If the *Dailyaide* helps you to plan your course, it will serve its purpose well.



A 365 day year beginning on Tuesday and ending on Tuesday, 1985 has the same calendar as 1782, 1793, 1805, 1850, 1861, 1901, 1907, 1918, 1929, 1946, 1957, 1963 and 1974.

**The new year brings 365 days of opportunity**

2/8/85

So far 1985 has been a real downer year. I'm just getting out of the depression spurred by my talk with Judy [redacted] on Jan. 21. She recommended I see [redacted] re: the genital surgery. Saw him this past Wednesday and he said he no longer performs that surgery because he "doesn't know where he's cutting" and can probably only retain 20% of the sensation afterwards. Pretty bad odds. He said Laub can claim 80% sensation. Still not the greatest. So [redacted] sent me on my way with nothing. I immediately phoned Steve [redacted] and he couldn't believe Laub's office wouldn't even SEE me. Said he sees Laub often + will speak to him in my behalf. Judy DID say we won't consider the matter closed + that she would talk to Laub about me again, so maybe there still is hope I can get thru to him. Today I made an appointment for next week.

*There is no time like the present—Smollett*

8:00 to see Paul [redacted] to enlist his support.
8:30 His secretary tells me he's on the Board
9:00 of Directors of Laub's program!! If he
9:30 can't make an "in" for me, no one
10:00 can! Suddenly I feel hopeful again.
10:30 I was in deep despair for weeks!
11:00 [redacted] said he wishes I had a tape of
11:30 my conversation with Judy to play
12:00 for Laub, to show him she really is
12:30 off her rocker. I could maybe go
1:00 see Wardell [redacted] again for a letter
1:30 of recommendation, too, but I'll hold
2:00 off on that to see what [redacted] says,
2:30 [redacted] is gay and I can't see him
3:00 letting them reject me because I am,
3:30 too. Meanwhile I feel so despondent
4:00 all I want to do is smoke marijuana
4:30 and space out, or delve into some
5:00 project to prevent me from thinking
5:30 about it. I have $8,000 in the bank
6:00 for this operation and am very
6:30 tempted to take $2,000 of it and
7:00 get a word processor to get going
7:30 on Jack Garland's story and to
start up my typing business with
Tom. Eldon still hasn't sent my type-
setter and I'm so pissed at him, too.

***Method will teach you to win time—Goethe***

8:00 Last week Wednesday I took Cathy to
8:30 see a play, for coffee + cake afterwards
9:00 + back to her place. She invited me
9:30 up, turned on the TV and became
10:00 glued to it. For nearly an hour she
10:30 didn't once look at me or say
11:00 anything encouraging. She'd taken
11:30 off her shoes + put her feet on the
12:00 couch, so I took the initiative +
12:30 gave her a foot rub, trying to
1:00 melt the ice. No luck. I felt
1:30 uneasy + ignored + was glad when
2:00 the TV show was over, so I could
2:30 gracefully bow out. My reaction
3:00 is to forget her. Monica was so
3:30 much nicer ... too bad she doesn't
4:00 have Cathy's looks. + guess I
4:30 should stick with Monica, if I
5:00 want any lovin' (and that's the
5:30 whole object of my search for
6:00 someone).
6:30 Get this: I didn't shave
7:00 throughout my illness and so
7:30 I have a good start on a
beard. TOM SAID TO ME THE
OTHER DAY "YOU LOOK GOOD IN A
BEARD"! If you can believe

10:00 grow in and trying to shape it.

11:00 2/11/85
11:30 Tomorrow I see Paul [redacted] to try to
12:00 enlist him in my quest for Lamb's
12:30 surgery. I'm very nervous about how
1:00 to state my case and know I must
1:30 try very hard to keep my personal
2:00 feelings about Judy [redacted]
2:30 unprofessional conduct out of it.
3:00 I've gone thru my copies of my
3:30 correspondence with Lamb's office,
4:00 and the whole thing is even more
4:30 absurd when I see in 1981 they did
5:00 agree to "evaluate" me with Fisk
5:30 and now, after 4½ years living as
6:00 a man, they won't even do that.
6:30 I've never been very good at manipu-

7:30 the phase of the transition I'm in
now. — Called Monica last Friday +
suggested a movie, but she said she
didn't care for a movie because

8:00 "nothing happens for 2 hours" and
8:30 why don't we just go to her place?!!
9:00 So Saturday we went to dinner +
9:30 stayed overnight at her place. It
10:00 was much like last time, but this
10:30 time I took off my pants. Told her
11:00 I like blow jobs so she went down on
11:30 me, but it was so ridiculous to
12:00 look down + see her slobbering
12:30 around between my pussy lips +
1:00 I couldn't feel a thing. Tried to
1:30 pull back + down on my lips to
2:00 make my little dick stick out
2:30 but it's a constant battle.
3:00 She's moving to another city south
3:30 of S.F. and I can't say I feel
4:00 too bad. I still feel a deep
4:30 sadness that Tom + I have grown
5:00 so far apart sexually and that
5:30 I've been denied experiencing or
6:00 expressing passion between us.
6:30 Monica also won't let me get
7:00 near her asshole. Not very fun.
7:30 — Visited Rose [redacted], the old lady
secretary from ARCO. We had lunch.
Again she said she thought I should
try girls cuz they'd like me....

9:00 ($80 per hour) to seek his support
9:30 and intercession with [redacted] He pro-
10:00 mised to do all he could, but said
10:30 Fisk made a public announcement
11:00 years ago that he'd never approve a
11:30 female-to-male gay man for surgery
12:00 and he's probably locked into that
12:30 now. He said we'll find SOMEONE
1:00 to do the surgery, if not Lamb, and
1:30 that the Harry Benjamin Society of
2:00 transgender professionals meets in
2:30 September and after that every-
3:00 other-year convention, everyone's
3:30 surgical techniques improve a lot
4:00 so [redacted] recommends I wait until
4:30 after that. He said I definitely
5:00 came to the right person (him)
5:30 because he'd be delighted to challenge
6:00 Fisk's blatantly anti-gay position.
6:30 [redacted] said if I'd have come to
7:00 him wearing a skirt and telling
7:30 him I wanted to be a gay man,
he'd have done all he could to
discourage me. But that I've been
around long enough now to see

9:00 I'm going to have to go out of

1:00 Tom's now got a little pet
1:30 name for his girlfriend "Paprika".
2:00 I said he should be embarassed
2:30 and he said he's not. I said
3:00 "You should be." & told him
3:30 this is just like the Jim thing!
4:00 I don't care if you wanna fuck
4:30 around with women, but it's
5:00 when you start being "in love"
5:30 that I feel bad. I said I wish
6:00 he wasn't a straight guy and
6:30 he said he's not or he wouldn't
7:00 be this way with me and I
7:30 shouldn't be jealous because
it makes him feel bad. I said
good & hope he does feel bad.
We had REAL lame lousy sex

*Envy is the sorrow of fools—German*

8:00 the other day. It was almost
8:30 pathetic.
9:00 Yesterday decided to read
9:30 back again in you, diary, to
10:00 see what really happened with
10:30 this Tom thing. Almost immed-
11:00 iately found a paragraph where
11:30 I said I hoped I could pull off
12:00 this relationship with Tom
12:30 without freaking out being
1:00 jealous or some other female
1:30 thing. Now I feel I'm on the
2:00 brink of our relationship
2:30 and he seems not to notice a
3:00 thing ... breezing around being
3:30 silly and content. Now is the
4:00 time to say no more "pussy
4:30 sex" between us, but whenever
5:00 he touches me, I don't care
5:30 what he does. But I am not
6:00 allowed to get aggressive with
6:30 him or do what I want.
7:00 Also found an early paragraph
7:30 where I said I must find a
lover who will let me do to him
everything he does to me, and if
he will not, we cannot be equal.

*It is not goodness to be better than the worst—Seneca*

2/24/85

8:00

8:30 It's so hard for me to sort out my
9:00 feelings. Tom pops in the house for
9:30 one minute after spending Saturday
10:00 all night with Paprika. He immediately
10:30 grabs my hands, all smiling and
11:00 kissing me. I don't want to, so I
11:30 don't reciprocate, but didn't pull
12:00 away either. He laughed nervously,
12:30 "Oh, the old Sullivan treatment."
1:00 The whole time he's here his eyes
1:30 are searching mine, LOOKING for a
2:00 reaction to his being out all night.
2:30 I went about my business. He
3:00 dashed out the door again. —
3:30 I think if he comes back here
4:00 tonight & starts that shit again
4:30 I'm just going to tell him that
5:00 I'm not all ~~the~~ lovey-dovey with
5:30 him because frankly it turns me
6:00 off to think of him as a straight
6:30 guy and I feel grossed out to
7:00 be one of his cunts. That's some
7:30 pretty strong language ... that
last part, but I really will say
I'm not turned on by him now that
I see him as a straight guy. I

*The smallest hair casts its shadow—Goethe*

8:00 know he doesn't like to be called
8:30 Hat. Another thing Hat's getting
9:00 to me is a Paprika Display in
9:30 his room... a bulletin board upon
10:00 which he displays her picture,
10:30 recent notes, cards and valentines
11:00 from her to him. It's like he's
11:30 put on a big show for the public
12:00 how heterosexual he is, while he's
12:30 ashamed of our relationship +
1:00 heaven forbid any[redacted] of his friends
1:30 or family should know. I feel
2:00 so ripped off, yet too hurt, too
2:30 tired, too unhappy to try to
3:00 find someone who will do me
3:30 right. I do know there are
4:00 people like Hat, but I don't
4:30 want them. I want Tom, or
5:00 what I wish Tom[redacted] would be.
5:30 So am I, then "just
6:00 jealous"? like girlfriend versus
6:30 girlfriend? If feeling the way
7:00 I do is "jealousy," then I guess
7:30 that's what it is. I could think
of so many little things Tom could
do to even this imbalance out,
but they never enter his mind.

*Time is the soul of the world*—Pythagoras

8:00 Again he tells me how "if only I'd've
8:30 stayed a girl" things would've
9:00 been so different. Deep down I
9:30 think — He sure would have! I'd
10:00 probably have stayed in Milwaukee
10:30 and never even met him. I KNOW
11:00 I never would have met him; I'd
11:30 have never moved to Mission Street
12:00 as a girl. I mean, it's such a
12:30 STUPID thing to say. I try to
1:00 imagine myself as Tom's girlfriend
1:30 and my stomach literally turns.
2:00 I feel like saying things would
2:30 be a whole lot different if he
3:00 weren't a selfish straight guy.
3:30 I'm beginning to wonder
4:00 again about Tom's ability to feel
4:30 deeply. I've always been suspicious
5:00 of the fact that Tom really
5:30 had NO friends when I first
6:00 met him ... no one he's kept in
6:30 touch with from his years
7:00 before. Makes me wonder how
7:30 honest and true his feelings for
closeness are. Oftentimes I feel
very manipulated by him. It's good
I guess that I SEE it this time,

8:00 contrary to how blind I was with
8:30 Jim's manipulations.
9:00 I've had a few more lousy
9:30 sexual contacts with Tom since
10:00 the last time I wrote. Whenever it
10:30 starts I haven't the will to stop it.
11:00 Whenever he touches me I want to

12:30 If he comes here tonight after

2:30 I'm really beginning to

8:00 so happy if I can actually make a
8:30 living for myself doing this, and
9:00 if for no other reason, I'm glad I
9:30 met Tom to encourage me to try.
10:00 I've been checking out word processors
10:30 too and finally found THE word
11:00 processing software, now all I
11:30 gotta do is find a computer I can
12:00 live with. Tom's stepfather gave
12:30 our business a Diablo printer — the

1:30 real good. I can't wait to put all
2:00 my half done rough drafts into
2:30 the computer and finish them.
3:00 I'm making a proposal to Jay

***Employ time well, if thou meanest to gain leisure—Franklin***

8:00 another guy, and still not bad
8:30 looking for his age. That was in
9:00 1968 — 17 years ago. Unreal.
9:30 He treats me totally as a man
10:00 and I feel like one. We discussed
10:30 computers. He even "bought" a joint
11:00 from me and I laughed + said,
11:30 "Jay, I never thought I'd see the

12:30 me!" He laughed, too, because
1:00 I always had the reputation back

2:00 Been pretty buddy-buddy
2:30 with Jim [redacted] lately ... we went
3:00 to hear some music + met Peter +
3:30 Joyce there. Jim has a girlfriend
4:00 and when she wandered off some-

5:30 I'd even wonder, and said "Oh

7:00 I am very flattered and very

10:30 You can't always get what you want,
11:00 but if you try sometimes you find
11:30 you get what you need: Thursday
12:00 had good sex and orgasms with
12:30 Joseph, the cabaret singer, and last

3:00 Well, dad's estate STILL isn't settled
3:30 and in fact it's getting dirtier.
4:00 The judge decided that ma had no
4:30 basis for a claim and that she
5:00 shouldn't get one cent (she was
5:30 asking $30,000). Of course, she's
6:00 appealing the decision, and Aunt Sis
6:30 and Kay pleaded with us to agree to
7:00 settle out of court. I feel dead set
7:30 against giving her anything, but
all the others want it over with. Sis
said I'm the last hold-out, so I said
okay, I'll go along with the rest.

8:00 Well, ma phones me tonight to say
8:30 Kay is trying to gyp us kids out
9:00 of our inheritance and dad was a
9:30 lousy father who didn't give a shit
10:00 about us kids, etc. etc. She wants
10:30 us to sign something that will net
11:00 her the $30,000 she originally asked
11:30 for. It makes me dislike her so much
12:00 and even speaking of dad's money
12:30 like this makes me feel dirty and
1:00 sacrilegeous. I try so hard to think,
1:30 "what would dad want us to do?"
2:00 I know in my heart that dad cared
2:30 a hell of a lot for me, and that I
3:00 never even hear from ma for months
3:30 + months + months, tho I dutifully
4:00 write her the first of every month.
4:30 This is the first time she's phoned
5:00 me in I-don't-know-how-long.
5:30 Let's put it this way: ~~she~~ since
6:00 I move to S.F. (10 years now)
6:30 she's phoned me maybe 5 times.

**Abundant caution does no harm—Coke**

8:00 stakes business he's moving out here
8:30 to S.F. from N.J. He + his rich wife
9:00 live on the bottom floor. He's got an
9:30 IBM computer just like mine (but a
10:00 better printer) and needs someone to
10:30 input his data + "grow with the
11:00 company" and he hopes to have a
11:30 location + 7 employees in a year.
12:00 I'm working 2 days a week for him
12:30 (10 a.m. to about 4 p.m.) for $12 an
1:00 hour! So I've worked 4 days so
1:30 far + got paid $309 ... OFF THE
2:00 BOOKS ... CASH IN HAND. Am
2:30 still collecting unemployment +
3:00 looks like my cash flow problems
3:30 are over.
4:00 Meanwhile Nanc signed
4:30 the out-of-court settlement in
5:00 her suit against dad's estate
5:30 so maybe someday I'll see some
6:00 of that cash.
6:30 Meanwhile I've completely
7:00 typeset my 1985 edition of
7:30 Information for the Female-to-
Male and need to paste it up +
get it to Tom to print + place ads
in gay/women's papers, etc.

*To err is human, to forgive divine—Pope*

8:00 Have slacked off on Jack
8:30 Garland's story in the meanwhile,
9:00 but plan to pay Cuca to translate
9:30 the Spanish letters / documents in
10:00 Commandante Mugarrieta's collection
10:30 in Berkeley; and probably go to Stockton
11:00 to see if there's anything there and
11:30 study up on Stockton of 1897-99;
12:00 and go to Sacramento to check out
12:30 their archives of all California
1:00 newspapers and whatever else is
1:30 there.
2:00 Meanwhile I'm on the Newsletter
2:30 Committee of the newly-formed San
3:00 Francisco Bay Area Gay & Lesbian
3:30 Historical Society, but haven't really
4:00 had to put out yet. I will, though,
4:30 in the beginning of June. Will typeset
5:00 & paste-up what others have written
5:30 & Tom will print so it'll be ready
6:00 for this year's Gay Parade.
6:30 Meanwhile Anthony has
7:00 repaired my motorcycle (I did
7:30 his & Bridget's taxes in return)
and I really mean to get on it &
learn to drive it for this summer.

*A quiet tongue shows a wise head*

8:00 Meanwhile Tom is alternately
8:30 telling me ① he doesn't want to
9:00 have sex with me anymore, and
9:30 then ② having sex with me. I feel
10:00 really awful that he doesn't desire

11:00 that I didn't change my sex in order
11:30 to have a great sex life, rather in
12:00 order to live comfortably from day
12:30 to day. I talked with Steve [redacted]
1:00 on the phone during one of my "down"
1:30 days and he always makes me feel
2:00 better. Seems the topic of rejecting
2:30 me (because I'm gay) for the surgery
3:00 is becoming something people are
3:30 discussing + are also angry about.
4:00 I feel too wasted to pursue
4:30 surgery right now — will save
5:00 my $$ and wait until after
5:30 September as Paul [redacted] recom-

6:30 Meanwhile my sex partner
7:00 Joseph phoned + is "so busy"
7:30 being a successful cabaret singer
+ producer in S.F. that we haven't
gotten together, but we will in
the future I'm sure.

***Charity begins at home, but shouldn't end there—Scottish***

8:00 I told Tom seriously that I felt
8:30 I should move out of [redacted] so
9:00 I wasn't standing in the way of him &
9:30 his girlfriend, since he felt he couldn't
10:00 have sex with me anymore because
10:30 she's making him feel guilty by telling
11:00 him she's only having sex with him &
11:30 hopes he's only having sex with her.
12:00 Tom was adament against it and
12:30 said he didn't know why he ever said
1:00 that to me, and he knows no one will
1:30 ever love him as much as I do.

3:00 Well, once again I find myself flying
3:30 to Milwaukee — I should be there in
4:00 about an hour. For the past 5 days
4:30 I've had a sore neck & back ... the
5:00 muscles are tight and I can feel a
5:30 hard cord of them from my right
6:00 shoulder blade up into my shoulder
6:30 & neck. Seems like everything I'm
7:00 thinking is a hopeless problem.
7:30 At first I thought it was mostly
my thinking about Tom & his girl-
friend, but am realizing more
& more that it's fear of what

**All would be well if there were no buts—German**

8:00 I'll find in Milwaukee — Kathleen
8:30 leveled in a hospital bed, unable
9:00 to walk or move about, unable
9:30 to get to the bathroom, unable
10:00 to see, whatever. Went to the
10:30 Multiple Sclerosis Society in Oakland
11:00 last night + talked to a woman
11:30 who, strangely enough, looked a
12:00 LOT like Kathleen + has MS, and
12:30 I practically started crying while
1:00 talking to her about Kath. If I
1:30 had been a girl, I would have,
2:00 but I didn't want to freak out
2:30 this lady with a 34-year-old
3:00 man crying in her office. Then
3:30 I'm thinking about Tom and feeling
4:00 sad + confused. ~~I~~ I know he's
4:30 planning to have his girlfriend
5:00 stay overnight this weekend at
5:30 [redacted] while I'm gone. He came
6:00 in my bed last night to talk nice
6:30 to me and gave me some real
7:00 meaningful kisses. He drove me to
7:30 the airport this morning and even
came with me inside. ~~He held~~
~~her~~ He reached for my hand
+ held it a long time in the car.

***Little is done where many command—Dutch***

8:00 Before he left me, right there in the airport, he pulled me close & kissed me goodbye... not quickly or with embarassment, but like he really cared. I guess I shouldn't say "like he really cared" but should know that he DOES. When I think rationally about our relationship, I feel very lucky. I know that he's "not gay" and "not straight," and that he's with me strictly because he wants to be, not because I'm a girl & he "HAS to be" with me. — I'm also all knotted up thinking about mom & Grandmother & know we'll all "have words" about dad & his estate. Even though the judge said ma doesn't deserve one cent, we as his heirs settled out of court with her because she threatened to continue her suit "to the Supreme Court for another 6-7 years." She actually got more than each of us kids as his legal heirs will get, and our checks are supposed to be

8:30 She (ma) will definitely say

9:30 we fought her. And Grandmother—
10:00 last time I talked with her she
10:30 said she was going to "go after"
11:00 anyone who said anything against
11:30 ma — so she's probably laying

1:30 there 4 days... actually 3. —
2:00 And so we're supposed to get this

3:00 the cock operation but I'm really
3:30 scared to have anyone cutting at
4:00 me down there and don't know

6:30 have to work with, I'm not even sure
7:00 what it is I DO want sexually.

and Kay just announced we're landing
in Milw in a few minutes.

***A coward's fear makes a brave man braver—Scottish***

8:00 10 years. Woke up this morn at
8:30 5 a.m. wide awake & by 7 a.m.
9:00 walked up to a nearby restaurant
9:30 for breakfast. Can you believe it?
10:00 Bill [redacted], my old Pius High
10:30 School counselor (who Mary [redacted]
11:00 & I saw at the SAME restaurant
11:30 2 years ago when dad got dead)
12:00 sits down at the counter next
12:30 to me! I spoke to him & was
1:00 really surprised that he did
1:30 in fact recognize me. He was
2:00 cordial this time — where last
2:30 time he totally ignored me & only
3:00 spoke to Mary [redacted]. He asked
3:30 about the whole family but never
4:00 asked how I was or what I
4:30 was up to. But we had a very
5:00 good conversation. Walked back
5:30 to Bluemound smoked a reef,
6:00 & ma & I went to see Kath &
6:30 take her to occupational & later
7:00 physical therapy. It broke my
7:30 heart to see her struggle so to
get her fingers to do little tasks or
to get her feet to land on steady
ground. But I talked to her like

8:00 we always talk + her speech is
8:30 without flaw + her thoughts are
9:00 coherent. The only stub I
9:30 noticed was she argued with
10:00 ma that March was the fourth
10:30 month and April, the third.
11:00 But who cares? She expressed
11:30 a positive attitude + she is
12:00 getting better. Her left fingers
12:30 are very uncoordinated + when
1:00 she tries or struggles, her head
1:30 + hand trembles spasmodically
2:00 in the strain. But the spasms
2:30 stop after feat accomplished.
3:00 What a fuckin' dumpster
3:30 deal + we both shed some
4:00 tears when I showed her the
4:30 photos of Bridg's wedding.

8:30 "So what about this Kathleen thing?"

9:00 "It's being handled," Kathleen answers.

9:30 She thanked me a million times for

10:00 coming and told me it helped her

10:30 a lot. Ma said it's the first time

11:00 she's even tried to read, and

5:00 I'd send her copies of some of

11:00 This happened several times,
11:30 on several different occasions.
12:00 Once in a while, either she or I

8:00 an extra day with Kath. She is
8:30 very angry and outspoken because
9:00 ma is being such a selfish bitch,
9:30 as usual, and Kathleen is more or
10:00 less at her mercy until Jim gets
10:30 to Milw. Ma is giving Kath the
11:00 usual double message, i.e.,
11:30 sure ma can help her, but
12:00 no ma can't handle it. Ma
12:30 was so selfish as to suggest
1:00 that her (ma's doctor) should
1:30 attend Kathleen's doctors mtg
2:00 so he can tell Kath's docs
2:30 how sick ma is. It makes
3:00 me sad for Kathleen to have
3:30 to sit there, looking at Kath
4:00 the way she is, with the steady
4:30 stream of selfish talk from
5:00 ma about her own "disabilities".
5:30 I wished I would have left this
6:00 morning, in a way, because now
6:30 I feel sad leaving Kath here.
7:00 But it was she who wanted
7:30 "to go home to Milw." But
it's good to see her feisty and
determined, like Kathleen always is.

# FEBRUARY 12 TUESDAY

Lincoln's Birthday

***A house divided against itself cannot stand*—Lincoln**

8:00 6/10/85

8:30 Tom took off work today + had said
9:00 he "might" come with me to the Gay
9:30 Historical Society newsletter meeting
10:00 tonight (I never asked him to, nor
10:30 expected him to). Just saw him ½
11:00 block away, eating ice cream cones
11:30 with his girlfriend + walking up to
12:00 her place.
12:30 I know I need to move into
1:00 my own place. I no longer feel good
1:30 about myself being with him. All
2:00 the things I've tolerated from him
2:30 (the bad sex, the flip attitude toward
3:00 me) no longer seem worthwhile.
3:30 I know sooner or later I've got to
4:00 move, and I've been considering it
4:30 for over 6 mos. now. I feel so
5:00 sad + ripped off. I just don't
5:30 feel good about my relationship
6:00 with him anymore, and it's not
6:30 getting better. I don't feel good
7:00 about being with him anymore.
7:30 His priorities have really changed
... I guess mine have, too. I'm beginning
to feel we are in a "straight" relationship
and I don't like that at all.

*I am nothing, but truth is everything*—Lincoln

8:00 At the Gay Historical mtg, one guy
8:30 asked if my partner was "straight",
9:00 because Tom showed up with his
9:30 girlfriend to get a printing job
10:00 from him. I just feel like vomiting,
10:30 I'm so embarrassed for myself.
11:00 I used to think I could live
11:30 with Tom here, even if he had a
12:00 girlfriend. Maybe I could have,
12:30 if I had felt Tom was treating me
1:00 like a man and having a relationship
1:30 with me like two men would. But
2:00 he's not. He won't. And I was
2:30 willing to overlook that while it
3:00 was just him + me. But it's not.
3:30 Got a "partial distribution"
4:00 of dad's estate: $15,000 minus
4:30 the $2,000 I owed him for my
5:00 mastectomy, minus his 78's and
5:30 jewelry I purchased, $12,800 total.
6:00 When I arrived at the mtg,
6:30 Tom had left a message on the
7:00 guy's answering machine and
7:30 I was shocked he even figured
out where I was! He apologized
all over (I had left him a note

8:30 He picked me up from the mtg (he had

9:30 we went to dinner. Again I told him

11:30 When I got home from work Tom had
12:00 left a message on the answering
12:30 machine that he was very upset &
1:00 wanted to talk more before I made
1:30 any decision. I phoned my friend
2:00 Jim & asked if he was still interested
2:30 in finding a place with me as we
3:00 had one time discussed. He eagerly
3:30 agreed & I think I'd enjoy that.
4:00 Tom phoned me from work & when
4:30 he realized I'm serious about going,
5:00 he pleaded with me to stay but
5:30 then got real pissed & said "our
6:00 friendship has ended" because
6:30 "you've treated me like a piece of

7:30 in my face. Wow. I couldn't
believe my ears. Pretty shitty thing
to say. Now I KNOW I've gotta move
out. I will tell him later, "You see

8:30 I going to. He needed time to think
9:00 and cool off. He got home from
9:30 work in the wee hours of the morn
10:00 + came in my bed to snuggle +
10:30 sleep. For the first time in I can't
11:00 remember when. This morning the phone
11:30 woke us + I went to make coffee for
12:00 myself, but he came + dragged me
12:30 back to bed to talk. I told him I
1:00 couldn't ~~live~~ live with his rejection any
1:30 more — that it hurt too much that
2:00 he never reached out during sex to
2:30 pleasure me or help me to come.
3:00 That these past 6 mos. I've been
3:30 wandering around this big old
4:00 cold apartment, yet when he
4:30 comes home I wish that he wasn't
5:00 there because once again I'd have
5:30 to face that rejection. I asked if
6:00 he ever reached out to touch his
6:30 girlfriend + pleasure her + he wouldn't

7:30 He apologized all over, he cried,

8:00 I know it's changed between us.
8:30 That I feel like a gay guy in
9:00 love with my straight roommate
9:30 & that's not a good environment.
10:00 That I feel like a piece of the
10:30 furniture &, sure, he doesn't want
11:00 me to go. He broke my heart again
11:30 as he spoke to me, choked with tears
12:00 & emotion, saying I was the only one
12:30 who cared for him & the one who
1:00 keeps "this mess together" for him.
1:30 That he couldn't live at [redacted]
2:00 without me — that he couldn't help
2:30 me move my stuff because he'd
3:00 "just be crying the whole time."
3:30 But all his arguments were of
4:00 how my leaving would inconvenience
4:30 him, interspersed with how I was
5:00 the one who loves him & keeps his
5:30 life together. "You've known me
6:00 since I'm 21!" he cried, but
6:30 I knew him before he was 21.
7:00 I cried too & said I wished
7:30 this wasn't happening either,
but it is. He complained he
wouldn't be able to find anyone
else to move in & I told him

8:00 about the guy who's been renting a
8:30 room from Bridget over a year who's
9:00 looking for a place, but he answered
9:30 quickly that he didn't want to live
10:00 with "another guy again". I know
10:30 it's going to tear me up to see some
11:00 babe move in here when I'm gone.
11:30 He's often told me he'd never want
12:00 to live with Karen (his girlfriend)
12:30 but we shall see.
1:00 He said I should just answer
1:30 one question: did Karen have anything
2:00 to do with my decision? I said
2:30 yes, in a way... that I feel rejected
3:00 when he won't touch me, but I
3:30 just figured that's how he is. But
4:00 now I see him go off with her & I
4:30 don't think he treats her that way
5:00 & it makes me feel really bad to
5:30 think he won't be nice to me, too.
6:00 He said he had to change & grow &
6:30 why won't I let him, and I said
7:00 I had to ~~me~~ change & grow by this
7:30 move & he's trying to stop me.
Why, he asked, can't I grow there
with him at [redacted]? I told him
I'm not interested in being with anyone

*A good word is as soon said as a bad one*

8:00 I took long, that my clit just has
8:30 to be stimulated like his penis needs
9:00 to when he wants to come. Don't
9:30 women come just by intercourse? he
10:00 asked. I said no, not most. I took
10:30 his hand + said I'd show him how
11:00 to make me come, but he pulled his
11:30 hand away saying he didn't like that.
12:00 I told him I couldn't understand him,
12:30 that if he does like pussy, as he
1:00 claims to, why it's so awful to
1:30 touch one. Was it because he thinks
2:00 it's bad to have sex with a man,
2:30 when he looks at me? He said no,
3:00 because he's been having sex with
3:30 me while I'm a man. I said I
4:00 just didn't understand what he's
4:30 thinking. Then, out of the blue, he
5:00 said "You know, you're right about
5:30 moving out ... everything you've
6:00 said has been the truth." I said
6:30 I know, that's why I've got to go.
7:00 We got in the shower

do, but he put a stop to because it
inconvenienced him) + talked more.
He asked me to help him make this

# FEBRUARY 22 FRIDAY

Washington's Birthday

***Success is a result, not a goal*—Flaubert**

8:00 Of course I wish that he'd say or
8:30 do something + make all these bad
9:00 feelings go away + suddenly make
9:30 everything wonderful, but I don't
10:00 think that will ever happen. I
10:30 couldn't believe, after all that was
11:00 said, that he wouldn't masturbate
11:30 me or even try to. Pretty sad.
12:00
12:30 6-14-85
1:00 We talked til 3 a.m. He said he will
1:30 always say to the end that he never
2:00 wanted me to go. And deep down inside
2:30 I know I'll look back and wish I
3:00 never had. It's amazing how deeply
3:30 I feel for him. We talked about sex
4:00 and both of us said we don't understand
4:30 sex. He said he will support me in getting
5:00 my operation + being a gay guy and
5:30 having my boyfriends over. And deep down
6:00 I'm glad he doesn't bring Paprika
6:30 around. He said "But I come home
7:00 every night to sleep." And I can't
7:30 argue with that. He said I never
come into his room to see him + I said
cuz every time I did, he kicked me out.
He said he won't do that anymore.

***There is nothing certain except the unforeseen—Froude***

8:00 Jim [redacted] & I had gone out
8:30 earlier to dinner & a play in Berkeley
9:00 and I told him for sure I would be
9:30 moving in with him. Just had to
10:00 call him now to say & feel like I
10:30 should "hold off" (one of dad's
11:00 famous last words) until I figure
11:30 out where I'm at, cuz I'm not sure.
12:00 I know he was angry & I told him,
12:30 I know the story about the boy crying
1:00 "wolf" but I'm pretty confused.
1:30 He is everything I've ever
2:00 wanted, but it pisses me off
2:30 we can't have fun sex. He told me
3:00 when he was 12 years old, a guy
3:30 used to give Tom $10 if Tom would
4:00 jerk him off. And Tom would go
4:30 back to him, too, "because I needed
5:00 the money." That "one time"
5:30 someone fucked him in the butt.
6:00 That "some adult" was "using
6:30 him for sex."
7:00 He said having sex with one
7:30 was not like having sex with a
female because my body was hard
like a man's. He said he wondered
if it "was a sin" to have sex with

8:00 2 people at the same time. (I wonder
8:30 how he felt about ass Cheryl fling.)
9:00 We had long, half-way sex where he
9:30 actually played with my clit. He
10:00 said he couldn't stand my scratchy
10:30 "grubby face" on him, tho, so he
11:00 scooted down instead and pressed
11:30 his cheek against my chest and
12:00 tucked his nose under my arm
12:30 as I held myself up while laying
1:00 on top him. I was in heaven. What
1:30 DOES sex mean? What a strange,
2:00 bizarre and irrelevant activity
2:30 that somehow means so much and
3:00 pervades our thoughts + lives!
3:30 I've got to try harder to
4:00 keep Tom part of my family, because
4:30 I know if I'll let him go too
5:00 easily, I'm going to regret it.
5:30 I want to fight for this one.

9:00 I'm afraid Ted + Tom + I will never
9:30 have sex again if I have my operation.
10:00 He's been washing the dishes every
10:30 morning, tho it be only a few cups
11:00 + spoons. He's promised to get my
11:30 motorcycle going on Monday (told
12:00 him I'd give him $100 if he did).
12:30 Jim said he figured I might
1:00 change my mind anyway. I'm
1:30 taking him out to dinner / Scrabble /
2:00 dancing (?) tonight. Must hang
2:30 out more with him during this
3:00 crucial transition ahead of me.
3:30 I'm not even sure yet where I'm
4:00 going, and that's what's making me
4:30 nuts. I didn't need Steve [redacted] to
5:00 make me realize this much, but
5:30 I'll probably see him soon for his
6:00 professional insight. Maybe Jim
6:30 + I can help each other "get

7:30 like the therapists advise: go out

can get + maybe once someone
will say "yes."

8:00 sure you've heard that before: you

11:30 I'd like my future surgeon to

But I didn't.

8:30 Well, Kathleen will here on the 19th

9:00 to [redacted] to stay in my front

9:30 room until her husband can get

10:00 them settled "somewhere." He

10:30 finally threw her out of Bluemound Rd

11:00 because she was "too much commotion."

11:30 Thank God she's coming here where

12:00 we can all maybe HELP her. Tom

12:30 is completely accepting of the

1:00 situation. I have to totally swab

1:30 down my place, esp. the bathroom.

2:00 I'm so glad she's coming.

2:30

3:00 7/22/85

3:30 So again Tom kicks me out of his

4:00 bed. Somehow he cannot deal

4:30 with even the fact that I

5:00 invite myself into his room as

5:30 freely as he invites himself

6:00 into mine. Too sad.

6:30 Kathleen is now in my

7:00 front room. Mary [redacted], Bridget

7:30 & I made it a comfortable

room for her. She is still very

weak & not much better than

when I was in Milw. I have

12:00 7/29/85
12:30 Well, Kathleen's been here over a week
1:00 now & she is the embodiment of the
1:30 word "pathetic." She looks & acts
2:00 like a beaten dog. She is pee-ing
2:30 constantly — wears diapers or
3:00 sits on the commode. She cannot
3:30 stand or hold herself up at all &
4:00 is like a limp rag. Her mental
4:30 attitude is so down, it's hard to
5:00 be around her. She says "it's the
5:30 dependency that's so awful."
6:00 & told her that through dependency
6:30 you find another side of love.
7:00 I'm angry at Tim, her husband,
7:30 for setting his priorities so that
a home for them is the last to be
handled. As yet he has not put
an application in MHA for his own place

12:00 I see her lying there with all this

1:00 me, and I see Grandmother. But
1:30 Kathleen is truly messed up. It's

8:30 On the Greyhound going back to
9:00 San Francisco. Goodbye Stockton.
9:30 I can report to Jack Bean that
10:00 Stockton still has a problem with
10:30 hobos and lack of restaurants.
11:00 It's got a lot of really nice
11:30 houses and super friendly
12:00 people. On several occasions,
12:30 old men have said hello to me
1:00 as we passed each other face
1:30 to face on the sidewalk. I mean,
2:00 these guys were like dad or
2:30 something. One old guy washing
3:00 his car called out "Good
3:30 morning!" even after I had
4:00 passed by him without a
4:30 word. I'm pissed off at the
5:00 right wing paper the Stockton
5:30 Record, which is now the only
6:00 paper left in Stockton. They
6:30 completely dropped her story
7:00 as soon as the Evening Mail
7:30 hired B.B. and didn't even
have the decency to write some-
thing special about Jack Garland
after he died. The sketch I

8:30 My perspective, my attitude, all
9:00 around me seems to be changing.
9:30 I pray to God that by this time
10:00 next year, I will have had the
10:30 cock surgery. I'm finding myself
11:00 drawing away from other people,
11:30 especially physically, and in a
12:00 way see the same pattern as when
12:30 I holed up on Post Street (what
1:00 was that? 1976?) and didn't
1:30 want to talk or be around others
2:00 because I was so self-conscious
2:30 about being a girl who wanted
3:00 to be a guy. Little by little
3:30 Tom's and my sexual behavior
4:00 is changing, to the point where
4:30 last night he apologized with
5:00 deep regret for "using" me for
5:30 sex and then "blaming" me for
6:00 it afterward. He DOES do it
6:30 but somehow last night the
7:00 realization struck him. I said
7:30 I had hoped that we were
having sex because he liked being
near me and he said, yes, it
is true that he does. But he

8:00 just "goes crazy" when he sees my

1:30 guilty and he feels he has
2:00 "raped" me. Interesting.

he liked me, and that they

*No man is wise enough by himself*—Plautus

8:00 said. — Last Friday night, Tom
8:30 & I were "going to go out for a
9:00 drink" and go look at some
9:30 dirty magazine stores downtown.
10:00 We parked nearby, so I took him
10:30 to the Black Rose, the drag bar where
11:00 I met Kathy. We were early &
11:30 hardly anyone around, but by
12:00 our second drink, the place
12:30 began crowding up with GOOD
1:00 LOOKING male-to-females. The
1:30 bartender was gorgeous and when
2:00 Tom was in the bathroom, I told
2:30 her I was a F→M. She was
3:00 shocked, then amazed, could
3:30 hardly believe it, but later
4:00 started digging it. Meanwhile
4:30 Tom tried to buy a few M→F's
5:00 a drink, but they wouldn't
5:30 accept! I know that blew his
6:00 mind. But soon he was heavy
6:30 into conversation with one and
7:00 the bar was jammed pack and
7:30 we were down to our last
few dollars and suddenly Tom
was nowhere. I thought I
glimpsed him once sitting in

8:00 at our sexual behavior. Hardly
8:30 mutually satisfactory. — The whole

9:30 told him I was thinking how
10:00 it was going to be when I find
10:30 a lover (which he keeps urging
11:00 me to do) and the guy's around
11:30 five nights a week and he
12:00 has to listen to us butt fucking
12:30 in the next room ... That that
1:00 is going to make me feel pretty
1:30 uncomfortable. He asked if I
2:00 would feel any more comfortable
2:30 knowing that Tim [redacted] was
3:00 listening to me in the next
3:30 room. I had no answer to that.
4:00 Anyway, there's been no further
4:30 mention of his M→F, other
5:00 than he said the next day
5:30 that it's something he's always
6:00 fantasized about doing. Of
6:30 course I'm dying to know if
7:00 the M→F still had a dick, if
7:30 Tom saw it, touched it, if
she tried to or did suck him,
etc., but I'll never know.
SHIT. But I know best that I

4:30 Bullshit. They want me in

5:30 for maybe 3 hours a day.
6:00 I work for Jon [redacted] about

7:00 I sure as hell don't want

will go there tomorrow + tell them
I'll come in at noon or so +
get their morning work to them

*Thoughts are winged—Shakespeare*

8:00 by day's end. I don't want to
8:30 give up these mornings, breakfast
9:00 with Tom and the early days
9:30 outside. I can't face the rush
10:00 hour morning scene in the
10:30 Financial District everyday.
11:00 No more. I believe they'll
11:30 negotiate on my terms, as it
12:00 seems they need me more than
12:30 I need them.
1:00 ~~Yesterday~~ Tuesday I got
1:30 my motorcycle learner's permit
2:00 for the third time and got out
2:30 on it for a while. After about
3:00 15 mins. it ran out of gas
3:30 (I'm trying to kick it over, etc.
4:00 etc.). Went to the gas station
4:30 paid my $1.40/gallon, put the
5:00 pump in according to directions
5:30 & nothing came out but a few
6:00 drips. Stood there the longest
6:30 time & figured I must have
7:00 missed it. Drove off and
7:30 about 5 min. later it was
totally dead again & I ended
up pushing it 5 blocks home.
This is no lie either! I'm on the

***Memory is the mother of all wisdom—Aeschylus***

8:00 ~~curb~~ curb trying to kick this
8:30 thing over and this little boy,
9:00 no older than 5 years old,
9:30 walking by with what appeared
10:00 to be a class of kids & their

12:30 this kid was really young!
1:00 Of course, he didn't make me

6:00 just bought an old upright

7:00 for the lack of a penis as a

Reaching out to stimulate my

***Advise is least heeded when most needed—English***

8:00 10/27/85

8:30 I've just "run away from home" for
9:00 a few hours to escape. Told everyone
9:30 I had to work downtown, when in
10:00 actuality I'm at Dolores' Park writing
10:30 in you, and later plan to go see the
11:00 movie at the Castro Theatre, MISHIMA.
11:30 Tom's in the middle of a huge 15,000
12:00 each run of a 10-page newsletter &
12:30 wanted to put an ad in the paper
1:00 to hire people to collate it today.
1:30 I talked him out of that, and instead
2:00 Brian, Jake, Cuca & Tom's brother
2:30 Fred are doing it. Then Tom tells me
3:00 his girlfriend is returning today
3:30 from her 3-week vacation in Ohio
4:00 and he's taking the day off! I was
4:30 pissed! So made up the story that
5:00 I had to work — like hell I'm
5:30 going to try to coordinate this
6:00 fiasco while he's bullshitting
6:30 around. So he's left Fred in
7:00 charge. If she's so wonderful,
7:30 why doesn't SHE come over &
spend her day collating, too? In the
15+ months he's been going out with
her, I've seen her maybe a total of

12:30 yesterday & I tried standing nearby
1:00 & when alone she asked me if I
1:30 "smoked." I said yes, then looked
2:00 down & saw she had a regular cigarette,
2:30 but she didn't say any more & I
3:00 knew she meant reefer. She said
3:30 she wanted to "take a walk" &
4:00 smoke & invited me along. So we
4:30 wandered off a ways & she put
5:00 her wheelchair facing a park bench
5:30 where I sat. Erin came with us &
6:00 sat by me. Becky & I reefed &
6:30 talked & I felt she was openly

7:30 knees were just barely touching
each other's. She said she has a

8:00 she does live alone, and I of all

9:00 8 years doesn't mean forever.
9:30 They're just approaching that 10
10:00 year hump that many couples
10:30 don't get passed. She's very hip
11:00 + reminds me of a South Side

1:30 has a boyfriend, but hope that
2:00 we have more take-a-takes in the
2:30 future. But I don't really know
3:00 what to do next, and her being in
3:30 a wheelchair makes it harder, too,
4:00 to just get together sometime.
4:30 But maybe not ....
5:00 So far I've got 5 orders
5:30 for my 2nd edition INFORMATION

6:30 from a lesbian erotica magazine

8:00 of Tom's IN box for 3 months now

10:00 The only thing it had to do with
10:30 printing is that in 2 scenes there
11:00 was a press and a shelf with

12:00 No one even had ink on their

*Wit and judgment are often at strife—Pope*

8:00 was a joke, and by 1984 he was
8:30 out of prison and this year was
9:00 back living in his old home &
9:30 neighborhood in San Francisco.
10:00 I've been angry, as have most others,
10:30 about this — even carried a sign
11:00 reminding others during this last
11:30 Gay Pride Parade. So the guy,
12:00 finally free from prison & even
12:30 off parole, kills himself anyway.
1:00 A bizarre end to a bizarre story.
1:30 So I'm on my motorcycle
2:00 again today — what a beautiful
2:30 warm sunny San Francisco Sunday
3:00 again. I feel so cool & macho
3:30 on the motorcycle. Off to the
4:00 movie !!!!
4:30 HA HA! As I rode up
5:00 Castro Street, who's standing on
5:30 the corner but Paul [redacted] At
6:00 first he didn't recognize me, but
6:30 when he did he exclaimed, "How
7:00 butch!" He asked if I got his
7:30 letter & again said how helpful
[redacted] has been, and she's
been making all the phone calls,
etc. to the other doctors for me, etc.

**One wrong does not justify another—Legal maxim**

8:00 Mat doesn't comfort me much: just
8:30 what is she saying to Mom about me?
9:00 [redacted] said it isn't her Dad's
9:30 against me, or even Mel's psychiatrist
10:00 [redacted], but it's the surgeon Lamb
10:30 who doesn't want to "promote
11:00 homosexuality" by operating on me.
11:30 I'm so glad I got to zoom up
12:00 on my cycle, leather jacket,
12:30 helmet & all, and greatly impress
1:00 [redacted] with my macho-ness.
1:30 He said this Halloween, for the
2:00 first time, he's going to go "in
2:30 drag" (but he won't shave his
3:00 mustache).
3:30
4:00 All of a sudden, I've got it
4:30 in my head to tell Tom that I am
5:00 sorry I haven't made him feel
5:30 more comfortable to bring his
6:00 girlfriend to his house. I want
6:30 to tell ~~Her~~ him to feel free to
7:00 have her over, even overnight,
7:30 because only that way will I be
able to accept the place she has
in his life.

8:30 Well, I just feel so goddamn

9:00 cool on my new motorcycle. It is

9:30 a "dream" machine! So easy to

10:00 handle and just glides me from

10:30 here to there. I'm plenty happy

11:00 with myself. After all this time,

11:30 I finally got a cool motorcycle.

12:00 I've wanted one since 1973.

12:30 No lie. And after I get my

1:00 permanent cycle rider's license

1:30 and get more comfortable on it,

2:00 I'm a'gonna join a gay men's

*Do not delay: the golden moments fly—Longfellow*

8:00 bought 5 copies (total $18). Told me
8:30 standard at all bookstores was to
9:00 set a retail price (I set it at $6)
9:30 and give the stores 40% off. She told
10:00 me of 2 other women's bookstores that
10:30 might be interested, but said one
11:00 may not take it, as their new policy
11:30 is not to accept anything written
12:00 by men! She said her first question
12:30 was "who was the author, who cared
1:00 enough about the subject to do all
1:30 this research and collect all this
2:00 material?" I told her I felt it
2:30 risky enough that I put my name
3:00 in it, that I labored over whether
3:30 to put more about myself but
4:00 decided not to. She didn't question
4:30 further. I proceeded to the store
5:00 that won't accept men's work.
5:30 Without comment they took 5
6:00 copies on consignment, saying
6:30 that they have a lot of requests
7:00 for material on the female-to-
7:30 male subject but they've never
had anything. Went to the third
store and the guy acted like he

8:00 on consignment. — It's so great
8:30 to be blasting around on my cycle.
9:00 Unfortunately, since I got it,

10:30 I'm not supposed to ride it

12:30 went to the Dept of Motor Vehicles

2:30 it'll be a long time before I'll

3:30 Kath + her husband are
4:00 still in our front room. I am

5:00 not applied for one apartment
5:30 for them yet — "it's too expensive".
6:00 He still has no employment +
6:30 is making no effort to find any.
7:00 I'm feeling VERY taken advantage
7:30 of and VERY pissed at him,
but am happy to hear Kath
laughing and optimistic about
life.

***Example is always more efficacious than precept—Johnson***

8:00 Tom's been very attentive &
8:30 sweet to me these past weeks. He
9:00 commented that he really enjoyed
9:30 going out to eat with me, causing
10:00 me to believe he said it after
10:30 comparing his meals out with his
11:00 girlfriend. He still sees her,
11:30 but only Saturdays from about
12:00 3–11 p.m., about the same times
12:30 on Sunday, maybe one dinner out
1:00 during the week. He always comes
1:30 home to sleep.
2:00 Can't believe I haven't
2:30 written this yet: Got a letter
3:00 from Tim [redacted] that he got
3:30 married to the Japanese "girl"
4:00 he's been seeing and they're
4:30 coming to the U.S. next month
5:00 to meet friends & family. He
5:30 obviously hoped to stay at my
6:00 place, but knows he can't
6:30 with Kath & Co. here. How do
7:00 I feel about it? It's predictable
7:30 and pathetic — especially the way
he talks about her — very degrading.
I remember how he'd bad-mouthed

Good Friday

***No legacy is as rich as honesty—Shakespeare***

8:00 but was in a hurry + decided to do
8:30 it later. Wednesday, this morning
9:00 I uncovered their cages to feed them
9:30 and all four finches were dead.
10:00 I am so full of grief.
10:30 Tom was the only one home
11:00 with me at the time + I'm so glad.
11:30 We sat + cried, knowing they'd
12:00 died from our neglect and they
12:30 probably starved to death in
1:00 those few days. Tom told me to
1:30 put them in a box "and put a
2:00 paper with a prayer in it and
2:30 tell them that we're sorry."
3:00 We've been so busy taking care
3:30 of everybody and everything else
4:00 that our sweet little Guys were
4:30 the ones to suffer. Only a few
5:00 weeks ago the clerk at the pet
5:30 shop marvelled that my guys
6:00 were nearly 7 years old when
6:30 they usually only live 2 or 3.
7:00 Tom [redacted] had always been so good
7:30 at caring for them when I was
away, but this time we were lost
in all the disruption in our home.

10:00 them down near the ocean because

## SUNDAY 14

Easter

***Every man is the son of his own works—Cervantes***

8:00 leave a real hole in our home.
8:30 We agreed that, after Kath + Jim
9:00 go, we'll get some others.
9:30 We took care of Tom for a long
10:00 time very well. But to have Tom
10:30 die this way is almost unbearable.
11:00 I can't believe how awful
11:30 1985 has been ... beginning on
12:00 New Years Eve and ending in
12:30 December with this. I don't
1:00 know how much more bad news
1:30 I can take.
2:00
2:30 Tom said tonight that he
3:00 talked to somebody about the guys.
3:30 They didn't think they starved,
4:00 because there was apple in one of
4:30 the cages that wasn't fully eaten,
5:00 and they said, they would have
5:30 tried to eat each other before
6:00 they'd starve. It's more likely,
6:30 on their theory, that it was
7:00 too cold for them and that is why
7:30 they all died. That makes me
feel a little better, but not much.

8:00 12/6/85

8:30 Wow. Just got back from visiting
9:00 Becky, who I wrote about 10/27.
9:30 She lives alone in a really nice
10:00 place. Took her a poinsetta plant
10:30 and brought her cockatiel a
11:00 bell-of-seed which it devoured.
11:30 We smoked a reef & she talks &
12:00 talks and is so pretty. She went
12:30 to her kitchen to get drinks &
1:00 said, "Come on in & get your own,
1:30 gay guy." I said, hey, why're
2:00 you calling me a gay guy, huh?
2:30 She just laughed it off. I said
3:00 well, to tell you the truth, I AM
3:30 a gay guy. Well she was stunned!
4:00 She seemed totally surprised!
4:30 I guess it's nice to know I'm
5:00 not too nelly. She says oh that's
5:30 GREAT because Charles, ~~her~~
6:00 her lover, is bisexual and her
6:30 biggest fantasy would be to
7:00 see him get it on with another
7:30 guy. But it's never been the
right time. She said she likes
girls, too, but not bull dykes,
because she likes her women

Well, I did say to her right away in the kitchen when I told her I was gay, I said, "But you're the first girl that I ever really liked! I've got a CRUSH on you!" She liked hearing that. It tells when she said she wanted to see her boyfriend get it on with another guy. She said she liked 3-ways best... so I guess it's only been with him + another woman. 4:30 She asked who I was living with

9:30 she thought I was "a nerd."
10:00 But at the picnic she totally

11:30 She asked if I was boyish as a

12:30 I wasn't a "sports" minded

3:30 my whole family does because

She's pretty much only seen me in casual "nerd" clothes so I have to really jazz up for that dinner. She told me she's taking on more & more of the duties of running the M.S. group in San Francisco & it makes her feel her life is "more valid" now than before in her wild years. I had also brought a little package of chocolates & she told me she likes nuts better & about white pistachios, so I gotta get some for her. I left the rest of my marijuana because she hadn't any.

Before I had gone to her place, told Mary [redacted] I would. She asked me ~~if~~ what I pictured would happen, what I fantasized if I could have it any way.

***Anger is brief lunacy—Horace***

8:00 I gave her another nice kiss
8:30 goodbye + she was definitely
9:00 accepting. She said her bike
9:30 friend, Joel, had devised a
10:00 way to hold her legs down with
10:30 velcro so that she could ride
11:00 on the back of a motorcycle.
11:30 Told her I couldn't take passengers
12:00 with only my learner's permit,
12:30 but that's definitely incentive
1:00 for me to get it sooner. The
1:30 bike guy said if I could ride
2:00 + park on those hills in S.F.
2:30 (like in front of Becky's), I
3:00 should have no problem.
3:30 RIIIIIGHT....
4:00
4:30 12/7/85
5:00 So Becky calls me up this morn
5:30 (Tom answers) and tells me she
6:00 wanted to thank me for the lovely
6:30 evening and she really had a
7:00 good time. I told her I really
7:30 had to force myself to leave
because I didn't want to. She
said she was thinking of me and
I told her I was thinking of her.

*A wise man knows everything; a shrewd one, everybody*

8:00 I kind of do feel like a nerd
8:30 and not worthy of her affection.
9:00 I do have a hard time envisioning
9:30 us together. I'm hoping that
10:00 we'll just enjoy each other's
10:30 company enough to make it
11:00 all flow easily and humorously,
11:30 because I think the two of us
12:00 will make a pretty playful
12:30 couple. Maybe knowing what
1:00 she knows about me, her
1:30 boyfriend won't see me as a
2:00 threat or anything, and we'll
2:30 be pretty free to associate.
3:00 I sort of wanted to pop in to
3:30 see her again this afternoon,
4:00 but figured that might be
4:30 rushing it a little. I'll go
5:00 early next week before the
5:30 dinner, at which she promised
6:00 to sit next to me.
6:30 I feel like an adolescent
7:00 boy at 15 years old with his
7:30 first girlfriend.

8:00 Jim says a landlady accepted
8:30 a down payment from him for a
9:00 place in Richmond. If they're
9:30 out of my place by Christmas,
10:00 it'll be the best gift I could get.
10:30 Bridget insists my finches
11:00 were suddenly struck by a dread
11:30 disease that immediately wiped
12:00 them all out. I still am not
12:30 sure what happened, but happily

3:00 Phoned Becky this morn and she
3:30 chatted away so the conversation
4:00 was easy. She asked me to call
4:30 her later in the afternoon. Instead
5:00 I bought some pistachios (she'd
5:30 told me how she loved them, but
6:00 they're too expensive), put them
6:30 in a box with a ribbon & rode
7:00 my motorcycle there. Only had
7:30 a short time to stay, and I
hadn't told her I was coming, but
her boyfriend Charles answers the door!

9:30 her bird on her back, she was

Saw Becky again Thurs nite at the M.S. Christmas dinner in a fancy restaurant. She sat at the head of the table & I noticed the empty seat next to her had signs of a previous occupant — She hadn't saved me a seat. As Jim got Kath in in her wheelchair & ~~the~~ extra tables were set up, Becky quickly, easily & gracefully moved her wheelchair to an empty table. She really is pretty. Mary [redacted] just about PUSHED me to grab the seat next to Becky, telling me, "She wants you to."

She sure was nice to me again and real easy to be with her. Mary [redacted] sat with us at the table & it was perfect. She said her boyfriend had come with her, but he left early — left her there! — because all the people with MS and rassling with all the wheelchairs, etc. was "too much commotion for him" as ma

8:00 so aptly used to say. Perfect.
8:30 It's a Jim & Sheila scene, sounds
9:00 like. He's ~~sold~~ put his mama's house
9:30 up for sale & plans to go to

11:00 Bay, does THAT sound like a
11:30 familiar story. I couldn't have
12:00 dropped into her life at a more
12:30 perfect time.
1:00 By the end of the evening
1:30 we planned to give her a ride
2:00 home, as he left her stranded
2:30 there. Mary [redacted] warned it
3:00 would be a "little close" but
3:30 I assured Becky I wouldn't mind.
4:00 She was charming, as she had been
4:30 at the picnic. I felt very familiar
5:00 with her. At the last minute
5:30 she rather took a ride home
6:00 from an elderly couple who
6:30 lived close by her. Well, Mary
7:00 [redacted] commented that she thought
7:30 I was very aggressive and that
the old lady who gave Becky the
ride had unknowingly referred

8:00 Well. Phoned her tonight + it's

9:00 did 80% of the talking. She's
9:30 sleeping most of the time, she

11:00 in her life ... I assumed she

1:00 that I should have my suits
1:30 tailored because I really did

2:30 was too big. "Maybe if you
3:00 worked out you'd get more
3:30 muscular, but you'll always

4:30 said. I thanked her for the
5:00 compliment when she said
5:30 I should get it tailored to
6:00 my body and I'd still be
6:30 handsome. Told her I guess
7:00 I've been so used to trying

of material + am not used to
my shape being masculine.

*He that knows no guilt can know no fear—Massinger*

8:00 so easy being male cuz you just
8:30 sit there listening + being enter-
9:00 tained. Back to her place where
9:30 she pasted photos in her album.
10:00 I felt like 14-years-old and
10:30 how awkward to sit next to a
11:00 girl like Nat, but felt very
11:30 comfortable + the time flew.
12:00 I massaged her feet even tho
12:30 she said she couldn't feel it.
1:00 I remembered Dad's feet + how
1:30 I rubbed Tom after I read in
2:00 his chart that he still had
2:30 some sensory reaction there.
3:00 When I left (about 6 p.m.)
3:30 she told me she didn't know
4:00 if she was reacting to the
4:30 female side of me or the male
5:00 side, but that she ~~felt~~ felt
5:30 we are "clicking". I kissed
6:00 her goodbye a few times +
6:30 it was great.
7:00 ~~Last~~ Yesterday Tom
7:30 calmly spoke to Kathleen, saying
he felt it was time she went
to Mary [redacted] — that he'd like
to have our place back to normal

8:00 for Christmas. Miraculously they

9:00 first time in "forever" we're
9:30 alone again at [redacted]
10:00 except for the dogs in the back-
10:30 yard. Jim had the gall to ask
11:00 me for $1500 plus money to
11:30 pay off their New Jersey phone
12:00 bill so they can get a phone
12:30 here. I said I didn't want to
1:00 lend that much & possibly cut
1:30 my funds short when the ~~surgeon~~
2:00 surgeons give me the go-ahead.
2:30 He acted like I'm a real asshole
3:00 ... as though I were selfish.
3:30 Just unbelievable.
4:00 Saw Jim [redacted] & his new
4:30 Japanese wife who's pregnant.
5:00 She didn't know any English &
5:30 we could even talk about her in
6:00 front of her. Jim said he didn't
6:30 tell her about me, except that I
7:00 was a homosexual with whom
7:30 he moved to San Francisco. I
brought her a flower. He hasn't
changed a bit and I'm glad I'm

9:30 'Tis the eve of Christmas Day.

10:00 Been a peaceful holiday.

10:30 Tom & I went yesterday and

11:00 bought two lovebirds to "replace"

11:30 the finches. These guys are

12:00 like little parrots. Tom pitched

12:30 in for them for a Christmas

2:30 he'll return for a different one.

3:00 Kathy & Cheyney, Jim & Kathleen,

3:30 and ~~me~~ I went to Mary Ellen

4:00 & Rusty's for festivities today.

4:30 Bridget, et. al., being into

6:00 ANY holidays - any more.

6:30 I don't know what to get

Last night she left a message

on our answering machine:

8:00 it felt just that way.
8:30 Unbelievable. I bought Becky
9:00 some sexy (in my opinion)
9:30 underwear. I called her yesterday.
10:00 We were going to get together
10:30 today, but she hasn't answered

12:30 Hot Damn am I glad this year is

1:30 Becky called to say her boyfriend
2:00 had lowered the sing on her phone.
2:30 She left two "no messages" on
3:00 our machine. Made a date
3:30 with her for today. She called
4:00 11 am to say she "+ Charles"
4:30 had just woke up. I told her
5:00 to call back when she was
5:30 alone. She did, about 2 p.m.
6:00 Went over + we went to the
6:30 bird store after "sitting" on her
7:00 bed while she showed me a
7:30 video of a singer. I didn't
try anything funny. After the
bird store I gave her some Christmas
presents. First the neutral one:

9:00 Charles' wedding album, but they'd
9:30 only need one page for that
10:00 cuz there'll be no wedding.
10:30 She seemed to like it but didn't

3:30 didn't get it, saying "but I

4:30 genuinely baffled). I said yes,

8:00 Well she immediately liked
8:30 the white lace stretchy corset-
9:00 like binder top. I said I
9:30 wasn't sure if it'd be too
10:00 small, but I thought even
10:30 if it was, that'd be OK too.
11:00 She appreciated that. She
11:30 looked kind of baffled at
12:00 the boy-like white cotton
12:30 panties—"string bikini" style
1:00 they call it. Almost like
1:30 how the sanitary napkin belt
2:00 looks. I picture that on her
2:30 and I get turned on. That's
3:00 why I said I bought it for me.
3:30 But I didn't say that to her.
4:00 ~~She took the box. I told~~

5:00 I told her she had to
5:30 model them for me sometime
6:00 & she said she thought I
6:30 didn't like girls. I said
7:00 well, I never used to, and
7:30 "well, I told you that before".
I guess I wasn't too romantic
but I don't want to come on
too strong.

2 neutral presents I'd given
her. When I left she beckoned
toward the hidden naughty box

8:30 I acted like I was checking
9:00 to be sure it was well
9:30 hidden and gave Tom "all's

11:30 I wonder if it's really

1:00 Wouldn't that be convenient.
1:30 I figure it's her move

4:30 Tom is very curious.
5:00 I tell him it's none of his

6:00 My new year's resolution
6:30 is no more pussy sex with
7:00 Tom. I don't mean no more
7:30 pussy sex, just not with him.
Had a sexy fun time with
Joseph and he even came twice,
about ½ hour apart. I think

10:00 She changed her clothes in front of

11:30 She really is cute. I lent her money

6:30 I told her I was certain that she
7:00 didn't come in wearing one ,,, and
7:30 she asked me again, but I said
yes I was sure. She was crestfallen
at having lost it, said it was the

8:00 consistently as a gay man since

11:00 Yesterday [redacted] tells me it never
11:30 HAS bothered him that I used
12:00 my vagina because I told him
12:30 I'd stopped doing so since I
1:00 last saw him. What a liar!
1:30 I told him I was active in the

2:30 he didn't know that — even tho
3:00 at our last meeting we talked
3:30 extensively about it & I told him
4:00 I'd marched for the first time
4:30 in their contingent in the Gay
5:00 Parade. (I should bring that

6:00 Judy [redacted] were together
6:30 the night before & discussed me
7:00 & she wants me to call her so
7:30 we can meet. Sounds like
some jive manipulation going on
— like I'm supposed to kiss up
to her now hoping to get laid.

*Happiness is a good that Nature sells to us—Voltaire*

8:00 [redacted] said he only recommended
8:30 I should get a girlfriend cuz
9:00 he was worried I have "fem-a-
9:30 phobia" or an intense fear of
10:00 females + I'm wanting a sex
10:30 change to run away from women.
11:00 I suppose that's why he + Judy
11:30 want me to lick her feet. —
12:00 [redacted] said my booklet was
12:30 excellent + he ASKED me for
1:00 fliers to enclose in his Janus
1:30 mailings. When I got up to
2:00 leave he said he wanted to
2:30 give me a hug, and did.
3:00 His fees are $85 per hour.
3:30
4:00 I left a message on his
4:30 office answering machine before
5:00 anyone came in + he called me
5:30 back with the usual yawn +
6:00 "oh so bored" attitude.
6:30 I asked him what has made
7:00 me a tainted candidate to
7:30 challenge homophobia in
the transsexual profession,
that to say I've been "doing
everything with everybody."

8:00 is far from the facts, and that I have been consistent &
8:30 never waivered in my identity
9:00 & actions as a gay man in
9:30 the # 13 years since I came out.
10:00 He sighed & said he'd hesitated

11:30 or waivering or spacey, just
12:00 that [redacted] isn't ready to do a

3:00 I said, well, OK, but if he

8:00 even joked around with his
8:30 half-brothers who were in this
9:00 car-shot. He said he was
9:30 working every morning at
10:00 his father's feed store, that
10:30 he looks a lot like his father
11:00 & everyone says it's amazing
11:30 & he'll bring back pictures.
12:00 He asked me, very sincerely, how
12:30 I am, am I having wild parties?
1:00 Of course I answered yes. —
1:30 Spent all day Sunday with
2:00 Becky. She asked for a hug
2:30 when I arrived. We went to
3:00 a pep-talk for this Saturday's
3:30 dance which we are "hosting."
4:00 Then she & I went to the grocery

5:00 goodies. I remember dad doing
5:30 that for the pretty girls in his
6:00 apartment bldg. I zoomed her
6:30 in her wheelchair back home
7:00 in the rain. She told a lady

how she & I met & that since
the second time we met we are

*Sell not thy conscience with thy goods*

8:00 we've known each other our
8:30 whole lives. Wow She feels
9:00 a lot more comfortable around
9:30 me then than I do around her.
10:00 She showed me her sexy clothes
10:30 including the stretchy lace top
11:00 (almost like a bridge) I gave her.
11:30 She said she wanted a white garter
12:00 belt so she could look sexy.
12:30 yeah, for who? She changed her
1:00 clothes in front of me + while
1:30 she stripped down to her underpants
2:00 I told her she really was teasing
2:30 me. She acted surprised + made
3:00 some lame excuse about just
3:30 not wanting to go in the other
4:00 room. Now she couldn't pull up
4:30 her pants, so transfered from
5:00 her chair to the bed where I sat
5:30 + asked me to help her. I liked
6:00 her pants up + she flopped on
6:30 her back on the bed with her
7:00 pants open. She just laid there
7:30 looking so sweet, so I laid
back next to her, rubbing her
bare midriff with one hand +
caressed her head, kissed her

10:30 closed them. Later she showed
11:00 me bare photos of her taken
11:30 in '84 & she is really pretty.
12:00 She's all excited about Saturday's

10:00 fun - hope you didn't regret it
10:30 Sunday. Tom's back Tuesday
11:00 night. Which evening before

2:30 trim body. He was searching
3:00 the gay directory cuz he'll be
3:30 living up north the next 5
4:00 weeks + wants to know where
4:30 the gay bars are there. That
5:00 made me like him already. We
5:30 talked about business + I
6:00 feel very successful when
6:30 I get to say I own my own
7:00 business, as opposed to when
7:30 I had to say I worked for
someone else. I was supposed
to go off to my tax class, but
it felt real right, so I asked

***Borrowed garments never fit well***

8:00 him to come to my place for a quickie,
8:30 I kept him busy by sucking and
9:00 licking him ~~[illegible]~~ for 4 hours. He never came, but
9:30 he didn't want me to stop either.
10:00 I noticed when I licked him any
10:30 place other than his genitals
11:00 he moaned the loudest! All in
11:30 the mind. He thanked me when
12:00 he left. I never removed my
12:30 clothes, though did loosen my
1:00 pants & pull them down over my
1:30 butt. But he wasn't very
2:00 persistent in feeling me up —
2:30 he just laid back to enjoy my
3:00 ministrations, I know I probably
3:30 wasn't performing Safe Sex but
4:00 what the hell? I can't even
4:30 remember the last trick I sucked,
5:00 it's been so long. And like
5:30 I say — he never came. Anyway
6:00 I know I can still do it and
6:30 even if I had a miniscule
7:00 dick, I'll be able to remove
7:30 my clothes! He asked if he could
fuck me, but I couldn't let him
in the condition I'm in now cuz

8:00 he'd've seen me. All the next

5:00 Judy was very nice + not defensive
5:30 or curt like she had been to me
6:00 before. She talked about who
6:30 was performing the F→M genital
7:00 surgery + that both [redacted] and

8:00 I could tell she was impressed by

2:00 & he's felt like he was "doing me

***The merciful man doeth good to his own soul*—Bible**

8:00 at his touch. When I left for
8:30 work he rushed up behind me
9:00 + wanted to kiss me goodbye.
9:30 I told him it was stupid, that
10:00 if we're just going to be friends
10:30 we should forget the valentines,
11:00 forget the kissing, it's all
11:30 phoney bullshit. He immediately

2:00 I reminded him that he told me

8:30 What kind of bullshit is that?
9:00 It also makes me angry that
9:30 he tries to make like it is all my

4:30 to sleep, but although we were
5:00 touching legs, it was so cold
5:30 and distant that I won't try

should act like just swell friends
I guess his guilt is making him
nuts. GOOD!

8:00 Tonite I asked Tom to just
8:30 tell me, are we "friends" or
9:00 "lovers"? If we're gonna just
9:30 be friends, then we shouldn't
10:00 be acting like lovers with each

12:00 friends who kiss & touch each
12:30 other, except not on the privates.

*A man's true wealth is the good he does in the world—Mohammed*

8:00 accepting her inactivity / lack of
8:30 fight.
9:00 As usual Tom spent Saturday
9:30 afternoon with her, and Sunday,
10:00 returning home each night before
10:30 midnight to sleep alone. Sunday
11:00 he invited me to come into his
11:30 bed & listen to the radio with him
12:00 "if I want to." I didn't go. It
12:30 was a hard decision. Tonight he
1:00 invites me again. I told him I
1:30 think he's coming on to me again
2:00 & he denied it, saying we can kiss
2:30 & hug, but just because you lay
3:00 in bed with someone doesn't mean
3:30 you have to rip their pants off.
4:00 Am I wrong in feeling this just
4:30 doesn't mesh? I've been pondering
5:00 what to do & am deciding not to
5:30 lay in bed with him. I would just
6:00 feel like I am awaiting further
6:30 instruction / approval from him
7:00 before I made a move in his bed
7:30 anyway & that sure doesn't
sound fun to me. I'm tired of
always doing only what he approves
of. If I'm ever going to feel in

8:30 start here. But am I crazy
9:00 to turn down an invitation to
9:30 be close to him? To argue
10:00 with him because he kisses me?
10:30 It sounds too much like the

12:00 continuation of my old childhood
12:30 habit of shrinking away because
1:00 I think no one loves me. I feel

9:00 2/22/86

9:30 Spent a really fun evening with
10:00 Becky last night. We went to some
10:30 stupid market research television
11:00 preview showing at a Holiday Inn
11:30 + it was a laugh. Afterwards to
12:00 get some cheesecake + then the
12:30 public handicap van picked us up
1:00 + drove us back to her place,
1:30 where she reheated some homemade
2:00 stew, we smoked reefer + I tried
2:30 to run her 8mm projector with
3:00 old dirty gay movies some guy
3:30 had given her. But the films
4:00 were showing upside down and
4:30 backwards, so that was just
5:00 a laugh, too. She told me, right
5:30 at the beginning of the evening,
6:00 that Charles her boyfriend just
6:30 had a kid by another woman on
7:00 Wednesday, and the last time
7:30 she went to his place, he had
sex with his boyfriend in the
bedroom while she sat in his
livingroom! and she plans to

8:00 move into his place in a month!
8:30 As you might imagine, she is
9:00 very despondent + wondering
9:30 if she's only hanging around
10:00 with him as a habit. She
10:30 sounds ready to break it off.

1:00 She must move from her place

2:00 too pleased with my present
2:30 roommate. Wouldn't it be a
3:00 kick if she + I looked for a
3:30 place. Just as roommates.
4:00 Pretty interesting idea.
4:30 But ① I take forever to
5:00 do things and would scarcely
5:30 suggest now of such an
6:00 arrangement and ② I've
6:30 just about promised Jim
7:00 [redacted] I'd move in with

Tom.

But Tom is being the
perfect housemate. No lie.

11:30 I'm feeling so bad about my

***Envy shoots at others and wounds herself***

10:30 (i.e., vaginal intercourse only,

1:30 really don't love him anymore
2:00 + that sounds awful fickle and

5:00 there's no doubt I am... so to

6:30 I wish I didn't feel so

7:30 shit on by him. He buzzes
through the day all smiles and
jokes and I can barely look at
him without feeling pissed off.

9:30 "too weird" etc etc, but hoped
10:00 that after all this time he'd see
10:30 it wasn't what we had in our
11:00 pants, but what we felt for
11:30 each other. If I try to talk to
12:00 him about all this, he says
12:30 it's not what we have in our

1:30 each other, and so we shouldn't
2:00 have any sex. I don't know
2:30 why I'm feeling so bad about
3:00 having no sex with him anyhow—
3:30 I never really felt comfortable
4:00 having sex with him anyway.
4:30 I feel disgusted to think that
5:00 whatever kind of stupid straight
5:30 sex he's having with his girlfriend
6:00 is so much better than me.
6:30 If I try to talk that to him,
7:00 he says oh it's not that it's
7:30 better, just better for now +
for who he is now + people
change + that doesn't mean it's
better, just different, + bullshit

8:00 bullshit bullshit. I want him
8:30 to be as hurt and rejected as I
9:00 feel. I pray to God his girlfriend
9:30 dumps his ass, but that doesn't
10:00 look like it's happening. And
10:30 why the fuck am I spending so

11:30 on this whole subject? Because
12:00 I'm never going to have a good

1:30 And so how am I supposed to

8:30 much the flavor of the Michael

10:30 He was wonderful when he was
11:00 spaced out + sleeping in my
11:30 bed, but once he began kicking
12:00 the habit and becoming his own
12:30 person + having girlfriends around,
1:00 I couldn't stand being with him.
1:30 A lot like now with Tom, I'm
2:00 sorry to admit.
2:30 Saturday night after he
3:00 returned from all-day-with-her,
3:30 Tom summons me up to his bed.
4:00 I figured something important.
4:30 He calls me to lay next to him +
5:00 puts a cold arm around my

6:00 the business taxes I'm doing

I said yes, there was, and I know
he doesn't want to break any
laws anymore. He said that is

8:00 true and he knows I try to put
8:30 him down for it, but he doesn't
9:00 put me down for being who I want
9:30 to be. Sometimes he gags me with
10:00 all his self-righteousness. I know
10:30 I'd be doing myself a favor by
11:00 moving out and away from his
11:30 influence, but somehow I can't
12:00 get it together to actuate the move.
12:30 I guess I've got enough with trying
1:00 to actuate my surgery. I've got it
1:30 in my head that he doesn't give a
2:00 shit for me & he's a bad guy & it's
2:30 not good for me to keep hanging
3:00 around him because he's using me &
3:30 all kinds of other angry reactions,
4:00 but I don't know if all that is
4:30 necessarily true. He tries to twist
5:00 it around to say I've been using
5:30 him for sex & all I cared about
6:00 was his cock because now I don't
6:30 feel loving towards him just
7:00 because we're not having sex
7:30 anymore. I'm so confused &
don't know what any of it is
all about.

8:00 What's it all about?

8:30 I know I got myself into

9:00 this whole fuckin' situation by

9:30 putting my true feelings aside +

10:00 having sex with him like we were

10:30 anyhow. I was trying to make

11:00 something good come out of it,

11:30 but it didn't.

12:00 Now for some of the

12:30 good stuff happening:

1:00 This morning I passed my

1:30 motorcycle drivers test! First

2:00 time I tried! I did really lousy

2:30 on it, but the guy gave me a

3:00 break + passed me. So now I

3:30 can drive at night, with a

4:00 passenger, or on the freeway if

4:30 I want.

5:00 Yesterday afternoon took

5:30 my motorcycle to the Eagle, the

6:00 gay bar that's the headquarters

6:30 for the gay motorcycle clubs.

7:00 Lots of really nice looking men

7:30 and I felt really cool to be

able to park my bike out there

with the rest of them. I felt

like I was among friends, even

8:00 Though I knew no one, and I know
8:30 I'll be able to be among them and
9:00 things will be OK after I get the
9:30 rest of my body done. I'm so
10:00 goddamned tired of being a freak.
10:30 Life is passing me by and everyone
11:00 else finds their slot, but I'm
11:30 always on the outside looking in.
12:00 I was so tempted to approach one
12:30 of the guys in the motorcycle club
1:00 to ask about joining up, but
1:30 at that time I still didn't have
2:00 my permanent drivers license &
2:30 besides, maybe I'll try to find
3:00 out about the requirements for
3:30 joining before I humiliate myself
4:00 face-to-face with one of the guys.
4:30 Maybe they don't accept wimps.
5:00 But I think I'll hang out there
5:30 more often. My kinda place.
6:00 These bars on Haight Street are
6:30 pretty lame.
7:00 Another good thing is it's
7:30 sunny & warm & today's the
second day in a row I've been
able to strip off my shirt & sit
in the park & get some sun on

## SUNDAY 24

Father's Day

***Sloth makes all things difficult*—Franklin**

8:00 maybe 100 miles further than I did
8:30 in 1979, but still not out of
9:00 Wyoming. Suddenly the transmission
9:30 goes out & Jim says all we can
10:00 do is try to rent a trailer, empty
10:30 out the van & leave it on the
11:00 side of the road, and drive the
11:30 pick-up towing the trailer back.
12:00 So here I sit in the van — he
12:30 took the pick-up back to the last
1:00 town (Green River) to get a trailer
1:30 or something. SHEEE-IT
2:00 One thing I've enjoyed a lot:
2:30 Because we're towing something, Jim
3:00 has to drive slow. Cross-country
3:30 truck drivers in their rigs come
4:00 up behind him and pass us.
4:30 After they pass us on the left
5:00 Jim gives them a signal that
5:30 they are clear of him & it's OK
6:00 for them to ~~—~~ change into the
6:30 lane ahead of us by flashing
7:00 the van lights off & on. Then the
7:30 trucker puts on his right turn
signal and pulls in front of us.
Most of the time they will flash
their truck lights back at us

8:00 to thank Jim for signaling.
8:30 It's such a warm sign of
9:00 camaraderie — man-to-man —
9:30 and you know I love that.
10:00 Plus it's exciting because
10:30 each truck as a different
11:00 configuration of lights on them —
11:30 some along the top, or along
12:00 the sides and bottom —
12:30 some trucks look like
1:00 Christmas trees, they're so
1:30 lit up! And when the
2:00 truckers flash back their
2:30 thanks — their flashing shows
3:00 something of their personalities.
3:30 Some just flash off once &
4:00 back on — kind of a macho
4:30 signal. Some go through a
5:00 whole routine of light flashing,
5:30 showing off and giving us a
6:00 special show. It's really
6:30 neat & I feel like we're part
7:00 of the "scene" — one of the
7:30 hip few.

But now we're one of the fucked-up few.

8:30 Jim + his farm boy friend relate to
9:00 each other. Similar to the men

10:00 visited Dan in So. Calif. —
10:30 There was a LOT of homosexual

*Be slow in choosing a friend, slower in changing*—Franklin

8:00 I've realized that my lack
8:30 of sexual satisfaction with Tom is
9:00 my own problem and not his.
9:30 I also feel that very soon there
10:00 will be no more pussy to have
10:30 sex with, and that will be the
11:00 end of the argument.
11:30 I'm still feeling very upset
12:00 & brutalized over "this Kathleen
12:30 thing." She is absolutely a limp
1:00 rag right now and really
1:30 does not do anything for herself
2:00 anymore. Barely feeds herself.
2:30 I am getting angry at her
3:00 complete lack of willpower or
3:30 fight or determination. I don't
4:00 know if I should be angry
4:30 or if she really has become
5:00 a vegetable through no fault
5:30 of her own. I cannot accept
6:00 that. She still seems to have
6:30 her wits about her at times,
7:00 but she's content to sit
7:30 in a cathonic (spelling?) state.
Bridget & I went over to Lora &
Jim's place in Richmond to
clean & straighten out the place.

8:30 see her laying there in front

9:30 garbled voice that she can't
10:00 see or move. Yet she can see

3:00 But when she was going to

4:00 she did well there, but
4:30 then would come home & lay
5:00 immobile in front of the

6:30 She'd never exercise alone
7:00 or even try anything.
7:30 I don't know what to do
for her anymore. Now their
telephone has been disconnected
because Jim can't pay the

10:30 he loved me on the phone the other
11:00 day + I returned the compliment.
11:30 I sure hope we get it on this

1:00 + became life-long lovers. I'm
1:30 really feeling the wear-and-tear

3:00 Judy [redacted] phoned
3:30 me Monday to "get an update on

4:30 did I contact Ira Pauly in Reno?
5:00 I said no, that I felt that

8:00 me. Told him I had Tom about

6:00 he'll be alone if he doesn't get

He was not sensitive to my

8:00 The first day his sister-in-

9:00 We stayed only about an hour.
9:30 Charles had contacted members

7:30 it was hard to believe it was

10:00 We met ~~her~~ Charles' sister-in-law
10:30 at Mesa Verde Nat'l Park in
11:00 Colorado + toured Indian ruins
11:30 dating from 1100 – 1200 A.D. As
12:00 we shared a motel room with
12:30 his brother + kid, Charles + I
1:00 didn't mess around at night,
1:30 but it was just as well with me.
2:00 I had to slip off for a few
2:30 minutes each day or night to
3:00 smoke a quick reefer, so as
3:30 not to offend anyone. I was
4:00 prepared if Charles said one
4:30 thing about my reefing, to say,
5:00 "Religion is the opiate of the
5:30 people." But the occasion never
6:00 came up. His brother + kid
6:30 returned to Farmington, and his
7:00 sister-in-law, Charles + I went
7:30 to Durango for dinner, then back
to Farmington. It was to be our
last night sleeping together + I
initiated sex. At least got to

2:00 I left early this morning.

***Where wisdom is called for, force is of little use—Herodotus***

8:00 4/13/86
8:30 Well, it looks like this is going to
9:00 happen SOON! Yesterday received
9:30 the "all important" letter from Paul
10:00 [redacted]. He just said I was "well-
10:30 prepared" for the genito plasty.
11:00 So [redacted] has that letter and
11:30 I'll give him the one I got from
12:00 [redacted] as my 2nd referral.
12:30 [redacted] is really spaced out.
1:00 He writes a P.S. to me on my copy
1:30 of his letter to [redacted] that
2:00 I'll need a 2nd referral and
2:30 should make an appointment to
3:00 see Wardell [redacted], and gives me
3:30 his address, etc. What a
4:00 space out! I distinctly remember
4:30 him grabbing the letter I just
5:00 got from [redacted] & rushing
5:30 off to make a xerox of it for
6:00 himself, without hardly
6:30 asking my consent to giving it
7:00 to him! It's unbelievable. So
7:30 I wrote him back, enclosed my
payment for his services, and told
him HE was my 2nd referral!!
HA HA So I've spoken on the

**Every noble activity makes room for itself—Emerson**

8:00 so sexual I'll have to quick
8:30 get hustling for someone to "do"
9:00 me. Daniel's [redacted] labia balls were
9:30 not sewn together at all seems
10:00 all the cutting was of the skin
10:30 over the top of the clit and
11:00 some underneath it. He said
11:30 he had over 30 stitches which
12:00 he removed many because it
12:30 hurt so much he didn't want
1:00 anyone else doing it. YOUCH
1:30 But what's not going to feel
2:00 like having a big THING in
2:30 my pants the rest of my life!
3:00 There were years these past
3:30 13 when I've worn a stuffed
4:00 sock in my crotch every day.
4:30 These past several years I've
5:00 hardly worn one at all, maybe
5:30 because it reminded me so
6:00 much of my lacking and
6:30 I preferred to ignore that
7:00 area. So now to suddenly
7:30 think of a real cock with
real-sized balls in them in
my crotch 24 hours forever is
pretty exciting. How much more

*Not many men have both good fortune and good sense—Livy*

8:00 OUT FRONT must men feel, how
8:30 much better able to feel proud
9:00 of their bodies, since they have
9:30 everything displayed. I've always
10:00 felt like a woman doesn't have
10:30 any sexual equipment, that part
11:00 of their bodies are like kidneys
11:30 or stomachs ... kind of an inside
12:00 organ you don't know what it is.
12:30 But a male, it's all right there
1:00 and stuff comes out of it yet!
1:30 Too bad for me, but I may discuss
2:00 with [redacted] a possible urinary
2:30 hook-up. He never did one & said
3:00 he'd have a urologist perform the
3:30 surgery with him. But I think
4:00 I'd feel good if SOMETHING came
4:30 out of my dick, even if it is
5:00 only urine. But I happen to
5:30 believe (like The G-Spot book
6:00 said) that women ejaculate out
6:30 of their urethra. So there's
7:00 still hope for me yet. I also
7:30 want to be somewhat sewed up
back there, because if I'm going
to be sticking my asshole up in
the air for some guy to fuck,

***Revenge is the abject pleasure of an abject mind—Juvenal***

8:00 I don't want him to have to be
8:30 presented with two holes!
9:00 Daniel says it doesn't show
9:30 from the back, but I can't see
10:00 how that's possible, and I sure

1:00 I think Tom will be a perfect

3:00 Tom says there are more good-
3:30 looking men there than not,
4:00 and women are not ~~else~~ allowed
4:30 in. You know I love that.
5:00 This summer ought to be fun.
5:30 I also must get over this guilt
6:00 that sex-by-masturbating-alone
6:30 is inferior to sex-with-someone-
7:00 else. I spend a lot of time
7:30 jerking myself off and no doubt
will be doing it much more after
I get something to jerk off, so
I might as well face that now.

***Reprove thy friend privately; commend him publicly—Solon***

8:00 Still a little bit of Hot Catholic
8:30 sex education stick with me, Hot
9:00 Catholic "guilt" education, I
9:30 should say. — Went with my old
10:00 friend Peter (I've known him since
10:30 Wilson Sporting Goods days) to his
11:00 secret getaway ... some abandoned
11:30 World War II bunkers + batteries.
12:00 He brought his guitar + harmonicas
12:30 and entertained himself. I
1:00 wandered about thinking to myself
1:30 what a perfect location it was to
2:00 shoot a sex-slave-porno movie,
2:30 imagining all the ways you could
3:00 tie some rag-clad sexpot up.
3:30 There were huge metal rings in
4:00 the walls, you could even suspend
4:30 the sex slave. Of either sex!
5:00 I definitely get off on the fantasy
5:30 but wonder if play-acting it
6:00 out in an S+M scene would be
6:30 as great. Probably not.
7:00 But it would be a great spot
7:30 to have some outdoor sex.
No one for miles! A man's
fuck spot.

3:00 led me to believe I could
3:30 get it done ~~~~, later if I
4:00 wish, under local anesthesia
4:30 in his office hospital suite,
5:00 no problem, and little or
5:30 no extra charge. We looked

disease or accident, and

8:30 an implant to appear normal.
9:00 I got the "regular adult"
9:30 size implant — Daniel got
10:00 the "large" size because ~~he~~
10:30 Daniel told me, he wanted
11:00 more in his pants since he
11:30 had to settle for a small
12:00 penis. But I feel the larger
12:30 balls will ~~even~~ make the
1:00 penis appear even smaller
1:30 by contrast. He also offered
2:00 ~~if he could~~ to bring his
2:30 "lipo-suction" machine to
3:00 remove any fatty tissue
3:30 above my penis to make it
4:00 stick out more, as women
4:30 have more fatty tissue
5:00 above their labia. Fine.
5:30 I'll be in the hospital only
6:00 one night. He said $5000.
6:30 Great! So his secretary phoned
7:00 in the order for the implants
7:30 ~~+ got~~ + made sure they
could get 'em soon; then phoned
+ scheduled me into the hospital
for surgery Tuesday morn 4/22.

8:00 WOW! I gotta be there 5 a.m.
8:30 for 7:30 a.m. surgery, in the
9:00 hospital Tuesday night and
9:30 out Wednesday before 11 a.m.
10:00 I need to bring 2 checks to
10:30 the hospital. One of the hospital
11:00 (one night stay includes tests,
11:30 medicine, etc.) for $600 and
12:00 another for the anesthesiologist
12:30 for $500. This will cost me
1:00 total $6300, hopefully with
1:30 the other surprise charges
2:00 under $7000 total. I'd been
2:30 thinking $12,000 for surgery
3:00 in Virginia! And it'll be
3:30 about a mile ~~for~~ from my
4:00 apartment! [redacted]
4:30 assured me that no one
5:00 would know why I was
5:30 there except the anesthesi-
6:00 logist & assistant in surgery
6:30 but I wonder how smart
7:00 that is. I recall, when
7:30 having my chest done, a
nurse offering me a bottle to
pee into & I had to explain
to her that I had no penis

8:30 kind of embarrassing for both

10:00 I feel very positive and not like

12:30 have some sex organs!
1:00 I look between my legs to say
1:30 goodbye, like I said to my

2:30 anything to say goodbye to.
3:00 I will finally really be a man.
3:30 all these 6 years I've just
4:00 been passing, but next week
4:30 I'll really be a man.
5:00 I feel such ~~relief~~ relief
5:30 + think of all the socks +
6:00 sock fillers I can throw
6:30 away after my surgery +
7:00 can't believe I'll never

amazed at being able to throw

8:30 me, but the burn's on the outside

from him & he needn't prepare
for anything. He insisted
it wasn't enough notice

*The fashion wears out more apparel than the man—Shakespeare*

8:00 & Jim will nurse me, too.
8:30 They've GOT to be kidding but
9:00 it sure is nice to have that
9:30 concern expressed. Will make
10:00 my task of unattaching myself
10:30 from Tom, & attaching myself
11:00 to someone who will nurture
11:30 me, a lot easier.
12:00 Anyway [redacted] said
12:30 well maybe he should take a
1:00 look at me. He seemed a
1:30 little hesitant to touch me,
2:00 but I leaned back & began
2:30 pulling the skin around &
3:00 having him check it out &
3:30 explain. I wanted him to see
4:00 what he had to work with so
4:30 he could visualize what the
5:00 hell he's going to be doing
5:30 beforehand. He seemed
6:00 confident & like he knew
6:30 what he'd be doing & said,
7:00 yeah, like he figured it
7:30 should all work that way.

*Without hearts there is no home*—Byron

8:00 Tom asks how do I know
8:30 I'm ready. I can just tell.
9:00 I am finally finishing what
9:30 I began 6 years ago. It's
10:00 about time. Because I look
10:30 at what I have now & I don't
11:00 SEE it, like when I never
11:30 saw my face in the mirror
12:00 before hormones & suddenly
12:30 my face appeared, the voice
1:00 I heard coming out of my
1:30 mouth was finally mine,
2:00 & so look forward to
2:30 looking between my legs &
3:00 seeing my sex. Because
3:30 the more knowledge this
4:00 will be done soon makes
4:30 me feel real, makes me
5:00 self-confident.

6:00 hours working for [redacted] &
6:30 then another 8½ hours
7:00 downtown. To a movie &

8:00 Kathleen + boy did I notice
8:30 Rusty acting more comfortable
9:00 with me, and me feeling more
9:30 real with him, because I am
10:00 real now. He was very concerned
10:30 about my crash-up + praised me
11:00 for the way I handled it, by
11:30 "laying the bike down." He
12:00 hugged me next to him when B.
12:30 was taking a family photo! I
1:00 felt really real + accepted
1:30 + relaxed.
2:00 Bought some vitamin
2:30 supplements — Vitamin C and E
3:00 and protein tablets. [redacted]
3:30 thinks it'll take him 2 hours.
4:00 I feel like there's so much
4:30 I must do to prepare, but
5:00 can't think of what. Pack
5:30 my pajamas, have food in
6:00 the house, get some reading
6:30 material. I may have to
7:00 lay in bed a week + TV is
7:30 too much to bear that long.
A book on the male anatomy
should keep me interested.

9:00 thanked dad again for making
9:30 this possible for me, as he had

10:30 I was out of it until dinner-

1:00 times more than my crotch!
1:30 No pain at all there, and I was

told me all went well, took the

*True enjoyment cannot be described—Rousseau*

8:00 she put an incomplete address
8:30 on it so the people in the company
9:00 mail room opened the letter &
9:30 now everyone knows! She's
10:00 really screwed up other people
10:30 worse than she did me. So I
11:00 phoned [redacted] & told him I
11:30 tried to put cold compresses on it
12:00 yesterday as he advised but it
12:30 burned too much, and if I'm
1:00 going to put the Polysporin
1:30 ointment on the scars, I feel I
2:00 should clean myself first.
2:30 Also had [redacted] felt my ball
3:00 wouldn't stay down. He said
3:30 I could shower gently & I should
4:00 come to his office tomorrow morn
4:30 & he'll put a stitch in to hold
5:00 the ball down while I'm under
5:30 local anesthesia. I am
6:00 concerned that I see no cock,
6:30 but it's buried in my swollen
7:00 balls & Steve said don't worry,
7:30 it gets bigger when you get
a hard-on. Tom said he didn't
want to see it until I was all
healed & the hair grown back.

***Zeal without knowledge is the sister of folly—Davies***

8:00 4/26/86

8:30 Patrick would have been 29 today.

9:00 So Friday morn Mary [redacted] took

9:30 me to [redacted] office. He said

10:00 everything looked great & felt

10:30 good the way Mary [redacted] felt so

11:00 comfortable being right there as he

11:30 examined me, and she even assisted

12:00 him by holding my left ball down

12:30 as he took two stitches extra to

1:00 keep it down. He said I'm a real

1:30 tough guy. I finally got a mirror

2:00 and a good look at what I have

2:30 and I'm super pleased. Mary [redacted]

3:00 also got me a catheter bag that

3:30 attaches to the side of my leg to

4:00 give me more mobility. What a

4:30 difference! Now I can sit or

5:00 stand without that ball shifting

5:30 up above my dick, plus I can see

6:00 where the swelling is now & yes my

6:30 little cock is peeking out more &

7:00 more.

7:30 I feel a burning sensation &

like when you're playing on parallel

bars & slip & crack yourself in

the crotch. ~~Ouch~~ Generally bruised

8:00 & burning. I think I may be
8:30 getting some acidic secretions
9:00 from my vagina that's seeping
9:30 between my balls, too, cuz it's
10:00 burning & raw. Am trying to

3:00 [redacted] says he'll come to
3:30 my apartment Monday to check
4:00 on me.
4:30 Somehow it's strange, but
5:00 I look between my legs & think
5:30 "big deal, haven't I always
6:00 looked like this?" I don't
6:30 feel like I'm different, but
7:00 like I'm free from a mental
7:30 prison. I feel sexy and wish
I could play with myself! but
ooch - ouch!

*There can be no economy where there is no efficiency—Beaconsfield*

8:00 4/28/86

8:30 Well, [redacted] made a home visit.

9:00 I like him a lot, he always have a

9:30 playful but unwaveringly serious

10:00 manner about him. He discovered

10:30 why I felt such a burning under-

11:00 neath... he said my "balls are

11:30 rubbing together." Sure, enough,

12:00 I have raw bleeding skin between

12:30 them. I hadn't been digging

1:00 inbetween there to clean for

1:30 fear of tearing his urinary deal,

2:00 but it's deep in there. I also

2:30 saw where my vagina still is

3:00 & it's very well buried. I can

3:30 envision the freeing up of the

4:00 raw skin between the balls & sewing

4:30 the ends together to form one

5:00 scrotal sac, like normal men.

5:30 He also showed me where my

6:00 dick came out of the swollen

6:30 tissue. He says Wednesday

7:00 morn he'll come over to my

7:30 place again before he goes

into the office to remove the

catheter and then keep our

fingers crossed that I can

8:00 4/30/86

8:30 Well I am absolutely thrilled to

9:30 mean EVERYTHING is in perfect
10:00 running condition! This morning
10:30 8:30 a.m. [redacted] came by &
11:00 removed the catheter. What a
11:30 relief! Almost immediately I felt
12:00 the urge to urinate. Took a pail
12:30 of water with me, sat down &
1:00 while I poured the water over my
1:30 crotch I saw a definite spurt of
2:00 urine come out, right where it's
2:30 supposed to. Burned like hell
3:00 on my raw skin. But it was
3:30 coming out! Went right back to
4:00 bed, because now I can lay on
4:30 my left side to sleep — my favorite
5:00 position — now that the catheter isn't
5:30 poking me. (Of course, I put two
6:00 pillows between my legs when
6:30 laying on my side so's not to
7:00 squeeze the merchandise.) Got
7:30 3 blissful hours of rest. Awoke
feeling like going to a restaurant
for breakfast, but after washing my
hair in preparation, I realized

8:00 I was acting a little too hasty &

3:00 it and seems to me the story is

4:30 Very poorly written — I'm so
5:00 disappointed. The Female

6:00 by Herman Mann is just so
6:30 far superior! Brown's battle
7:00 scene was just repulsive,
7:30 with the heroine reveling in
the gore. Really bad. —

Later urinated without the
bucket & all came out okay.)

3:00 Cum does come out of the urethra,
3:30 because my finger got goo-ey,
4:00 even though I never reached near
4:30 my vagina. Plus, as an added
5:00 benefit, my vagina lubricated
5:30 and the stuff ran down to wet
6:00 my asshole, making it nice &
6:30 slippery for that fun lover I'm
7:00 going to find one of these days.
7:30 So, as you can imagine I am
sore, but absolutely delighted!
Right after that I had to pee,
so stood up at the toilet & DID.

8:00 Again, it came out more in a
8:30 spray than a stream, so went
9:00 all over my balls, but still
9:30 in the toilet. Just need
10:00 practice.
10:30 This is all going to be
11:00 PERFECT!
11:30
12:00 5/1/86
12:30 I'm still very sore + tender.
1:00 I think I really fucked up
1:30 the other day. Mary [redacted] suggested
2:00 I put a sun lamp on my crotch
2:30 to dry up the raw patches, so
3:00 I did + left it on longer than
3:30 I should have. Today phoned
4:00 [redacted] to ask him + he
4:30 said definitely DO NOT use a
5:00 sun lamp. Didn't tell him
5:30 I had already. I don't think
6:00 it hurt me any that once,
6:30 but who knows? I'm still
7:00 raw + the urine burns like hell.
7:30 The hair is growing out on
my balls, ass + inner thighs
so those stubbles are pricking
the sore skin. + feel like my

8:00 skin is stretched to bursting;
8:30 still my cock is buried deep.
9:00 The swelling is still above my
9:30 ball, where it had keeps riding
10:00 up. I can't get too into my new
10:30 "jewels" because I start seeping
11:00 cum and it burns the raw
11:30 skin. Sure wish it'd heal up.
12:00 It hurts to stand, walk, sit.
12:30 I guess I'm being impatient.
1:00 This is going to take a long time,
1:30 and I guess it'll be a while
2:00 before I can be comfortable.
2:30 [redacted] warned it may be
3:00 two months before it's all
3:30 settled down.

5:30 early tonight I'm wondering if
6:00 I overdid it. This morning

8:00 5/5/86

8:30 Well, the transition was not to be
9:00 so easy. There are more stages
9:30 for me inbetween. Yesterday my
10:00 friend Jim [redacted] came over to
10:30 pick up some typesetting I did for
11:00 his company. I was still sore &
11:30 hurting, but eager to get on with
12:00 life. So invited him to my local
12:30 gay bar on Haight Street (Trax)
1:00 for a drink. It was so wonderful
1:30 to be there, sitting on balls on a
2:00 bar stool. How different & more
2:30 attractive I felt! Enjoyed the
3:00 conversation with Jim a lot &
3:30 it's too bad he's so physically
4:00 goofy (so unsexual) because
4:30 we could really have a great
5:00 relationship if we were "in love"
5:30 or felt sexual. Had 3 drinks
6:00 on an empty stomache after
6:30 lounging away the Sunday morning
7:00 on the deck in the sun. Then we
7:30 went to dinner & back to my
place where I kicked his ass in a
game of Scrabble — & broke 300!
I am definitely ready to join the

8:00 So the whole aftermath of
8:30 this is sad & I have to

10:00 He wants Dad left "V" cut
10:30 to heal well, then he'll just
11:00 reopen the side cut on the
11:30 left ball (which is healing
12:00 nicely) and replace the ball

3:00 I was ready to ride that big
3:30 wave of loving my body and
4:00 wanting others to love it and
4:30 to loving and wanting theirs.
5:00 But the humiliation of my

*It is but one step from the sublime to the ridiculous—Heine*

8:00 He put some gauze inside the
8:30 chromben sac and assured me
9:00 it wouldn't look like a labia,
9:30 but as a scrotal sac. The
10:00 bloody gauze is half hanging in
10:30 + sticking out of the hole,
11:00 about this big:
11:30 ○
12:00 He pulled a HUGE implant out
12:30 of that, and I hope that's as close
1:00 to experience giving ~~birth~~ birth
1:30 as I get! Well, I'm telling you
2:00 I really thought I might faint
2:30 there for a while + I broke out
3:00 in a [redacted] sweat + got dizzy
3:30 + spaced out. [redacted] said
4:00 I could just lay there + rest,
4:30 which I sure did. Like I say
5:00 I didn't wanna MOVE. I felt
5:30 like I'd been amputated.
6:00 How could he take that away +
6:30 expect me to go home? I had
7:00 him call Mary [redacted] to ask if
7:30 she'd please come get me +
give me a ride home, cuz no way
was I taking the bus, and I
didn't want to freak Tom out

8:00 & wished there was a way I

4:00 He never said he'd fix it for

5:30 assistant he uses during
6:00 surgery. He'll give me an
6:30 I.V. of anesthesia when he

7:30 I don't know why he
thinks that's necessary —
he didn't seem to think he
needed to do yank it out!

***Rebellion against tyrants is obedience to God—Franklin***

8:00 I can't tell you how sorry I felt
8:30 for myself. I dragged home
9:00 like I'd been butchered & went
9:30 right to bed. I was shivering
10:00 cold. So glad Tom wasn't home
10:30 cuz I didn't want to talk to
11:00 anyone. But he did come home
11:30 when I was laying in bed in
12:00 mourning. I felt as close to
12:30 crying real tears than I can
1:00 remember. Since dad or
1:30 Kathleen or whatever latest
2:00 tragedy — I guess He finishes
2:30 dying when Tom & I cried so
3:00 hard together. He asked if I
3:30 was OK — and I told him Here's
4:00 been "a slight setback". I
4:30 guess he imagined the worst
5:00 when I said I lost one of my
5:30 balls. But when I told him
6:00 they'd replace it, he said oh,
6:30 so that's not so bad, and
7:00 he thought maybe my dick
7:30 fell off or something. He was
very caring and I thanked him
for not hassling me about it.
I told him I don't want to hear

*The secret of success is constancy of purpose—Disraeli*

8:00 any "guy with one ball" jokes
8:30 this next whole month. He even
9:00 came up & kissed me on the forehead
9:30 as I lay there, & tiptoed out so
10:00 I could pass out, cuz that's
10:30 what I needed to do. After a
11:00 short nap & I warmed up &
11:30 watched the Dr. Ruth Show on TV
12:00 (my favorite show — she's a
12:30 57-year-old European sex
1:00 therapist who runs a phone-in
1:30 question show). Feel much
2:00 better. Made myself a TV
2:30 dinner. I still smart &
3:00 feel sensitive & burn, but
3:30 I guess I'll survive this, too.
4:00 I still feel like this really
4:30 is a low blow. I said to
5:00 [redacted] that I guess I'm
5:30 to experience all the phases,
6:00 from having no balls to having
6:30 only one. He was eternally
7:00 optimistic & assured me it
7:30 would eventually turn out
fabulous & it could be much
worse & blah blah blah.
Right now I feel fortunate

*No wise man ever wished to be younger—Swift*

8:00 I even have one ball + am
8:30 glad I found a doctor to even
9:00 work with me. I'm glad I
9:30 beat off as much as I did when
10:00 I could these past few days,
10:30 cuz right now it's hard
11:00 to feel real gorgeous. But
11:30 I got a taste of what it can be,
12:00 what I will be. It won't be
12:30 "this summer" as I had been
1:00 optimistically hoping, but maybe
1:30 this fall. But it will be this
2:00 year.
2:30 I'm walking OK and it
3:00 hurts about as much as it did
3:30 before, so no matter. I'll just
4:00 be longer healing. I'm glad I
4:30 didn't burn myself with that
5:00 heat lamp. I feel pretty
5:30 macho and butch, having
6:00 endured this pain. Really
6:30 proves how much I want this,
7:00 how much better I feel as a
7:30 man. It's an incredible high.

I'm healing up, but somehow I think slowly. I feel burning, itching, dryness, rubbing, sometimes a sharp stabbing pain where the skin is ripped. Yesterday [redacted] removed the "packing" (one tiny gauze strip). I saw him Tuesday & Wednesday. Tuesday he spent a long time talking to me, answering my questions. He drew a better description of how he did my urinary extension:

*One may smile, and smile, and be a villain*—Shakespeare

8:00 Dotted line on above sketch
8:30 shows where incision made for
9:00 strip of skin, about a 1" x 2"
9:30 long strip. This strip is of
10:00 perenium and vaginal mucosa.
10:30 This is pulled forward and
11:00 stitched to where you see the
11:30 wiggly lines. So the
12:00 inner lining of the tube is
12:30 perenium and
1:00 vaginal mucosa. This leaves
1:30 the outer surface of the tube
2:00 raw surface of fibrous tissue.
2:30 To cover that, one side of the
3:00 labia minora is fully stripped
3:30 of skin, the tissue pulled over
4:00 so those 2 raw tissue surfaces
4:30 would heal together. This would
5:00 still leave the outer surface
5:30 raw tissue, so then the other
6:00 labia minora is stripped of
6:30 skin only on the inside +
7:00 that raw surface pulled over
7:30 and stitched over the other side.
I hope I can draw a sketch
of this, I'm no artist:

[redacted] said maybe in a year he can close up the vagina a lot more. We'll see how it looks & I feel then. Right now I'm just trying to heal up the hole in my left ball so he can put my other nut in. Having no ball there, though, is giving that raw area between my balls a chance to heal. ***Politeness smoothes wrinkles—Joubert***

8:00 at the Investment Bankers down-
8:30 town. Good thing I was alone
9:00 the whole time cuz sitting on
9:30 my balls (I mean BALL)
10:00 all that time made it ache
10:30 and I felt like I was sitting
11:00 on a bruise. I would touch
11:30 it & it would be cold, but
12:00 inside it felt like it was
12:30 on fire. I knelt down to
1:00 type just as I didn't have
1:30 to sit. I don't know how
2:00 men can sit on their balls
2:30 all the time, and I sure hope
3:00 it doesn't feel that way.
3:30 Finally just today my little
4:00 dick is finally sticking its
4:30 head out. It is shedding
5:00 a thin layer of skin, dry,
5:30 and the ridge around its
6:00 head larger. My cyst
6:30 is still on the left side of
7:00 my cock head and I said
7:30 so to [redacted] He said
he'd take it off "next time."
He said yes, the cock is

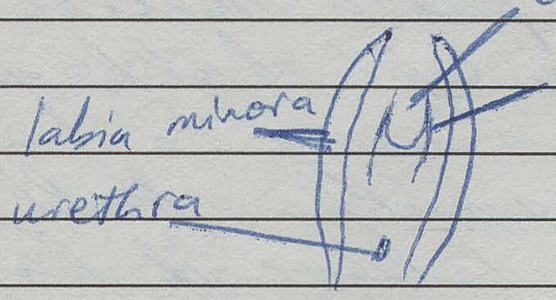
clit/dick



This skin is cut under the clitoris to "free it up" and the 2 sides stitched together to lengthen its shaft

So no wonder everything is burning, bruised and sore. All in all I'm pleased with it still. I'm still sitting to urinate, but must bend over forward as I sit so the stream hits the pot. I spray the front of the seat. I still can't control where the stream is shooting, but will with practice. I still have a lesser stream running straight down when I sit but am not sure if it's a leak or the urinary stream being deflected. [redacted] said if there is still a small leak, most probably scar tissue will form to close it up.

8:00 He said he'd put a smaller size
8:30 testicle in my left ball and
9:00 I'm glad. It's sexy to have
9:30 a bigger & a smaller ball,
10:00 plus I don't believe I have
10:30 any room left between my
11:00 legs even now. In a way
11:30 this one-ball step may be a
12:00 blessing in disguise — gives
12:30 me a chance to get used to
1:00 at least one ball & get
1:30 over the skin stretching &
2:00 rubbing — heal in-between,
2:30 too. It's hard to sit
3:00 because the balls are tight
3:30 and sore & sure is hard to
4:00 walk with these big things
4:30 between my legs. I've
5:00 become quite obsessed with
5:30 thinking of all the men I
6:00 see and imagining them
6:30 having dicks and balls
7:00 in their pants — all of
7:30 them! I wish I could
buy a porno book with
just hundreds of photos of
different dicks & balls —

8:00 it's harder for me to see her
8:30 now than last year when she
9:00 was in my front room 5 months.
9:30 I was going to visit her today
10:00 but Bridget phoned, just having

11:00 she said she was so out of it
11:30 + practically in a coma the

12:30 B. was there. For the first

1:30 it would be merciful if she

12:00 to my absolute horror, pulled

1:00 that was turning black.
1:30 That fuckin' asshole [redacted]

5:00 Pretty gross. I'm really going
5:30 to let [redacted] know
6:00 that was pretty awful.
6:30 So now that I got it out of me
7:00 I douched again + am feeling
7:30 at least a little better.
I'm still itchy + burning,
but it's no wonder.

*True friendship is a plant of slow growth—Washington*

8:30 I lost through a brutal scene "with

10:30 She wasn't focusing her eyes or
11:00 responding to me in any way and
11:30 was so congested I couldn't believe
12:00 He sounds she was making just
12:30 breathing. A nurse came in to
1:00 shove a suction tube down her
1:30 throat to get the mucous and
2:00 I went out to cry, I felt so
2:30 sorry for her. By 6:30 she was
3:00 still unresponsive & I phoned
3:30 Bridget, who had seen her earlier
4:00 in the afternoon, to see if I had
4:30 cause for alarm — because I was
5:00 beginning to realize she didn't
5:30 even know I was there with her!
6:00 Bridget rushed in (she lives
6:30 blocks away) and told the
7:00 nurses Kath was in a coma.
7:30 Suddenly there were docs & nurses
all over her doing tests. We
phoned Jim & Mary [redacted] & they
also came. The doc said seems

9:00 blood clot from her leg went
9:30 into her lung, or possibly
10:00 both. She wasn't getting enough
10:30 oxygen, and we all know what
11:00 that means — if she wasn't
11:30 brain damaged before, she is
12:00 now. So they took her off
12:30 the chemotherapy and wheeled
1:00 her bed up to an intensive
1:30 care unit, tubes up her nose &
2:00 down her throat and a
2:30 respirator on her. It's too
3:00 much like Patrick & Jack.
3:30 Bridget was sure she wouldn't
4:00 make it through the night,
4:30 but I was sure she would.
5:00 Mary [redacted] must have thought
5:30 she wouldn't, because she
6:00 stayed all night at the
6:30 hospital, sleeping in the
7:00 waiting room — again, visions
7:30 of "the Jack thing." Jim
cops an attitude like we're all
over-reacting and she'll get
better, etc. etc., but I haven't

*We are less convinced by what we hear than by what we see—Herodotus*

8:00 seen her "get better" this whole
8:30 year since she's been diagnosed
9:00 with this fucking disease.
9:30 Anyway, today they brought
10:00 her back to the regular rooms.
10:30 She still has an oxygen mask
11:00 on, but is definitely back aware
11:30 of her surroundings. She cannot
12:00 speak at all these past few
12:30 days and that is terrifying —
1:00 the doctor pops in, asks her if
1:30 everything is OK, she shakes
2:00 her head very weakly 'no.' He
2:30 asks what's the matter and she
3:00 grunts something that no one
3:30 can understand. The doctor
4:00 says OK, bye, and that's it.
4:30 Awful. Her eyes periodically
5:00 focus and she's reminding me
5:30 so much of how Jack looked
6:00 & acted his last few weeks.
6:30 I know it's terrible to
7:00 say (and worse to write) but
7:30 I feel it would be a blessing
if she would die, because now
she's imprisoned in a (for all
intents and purposes) dead body

*None but a fool is always right*—Hare

8:00 physical abuse to the female —
8:30 have vanished for now and
9:00 I'm writing prolifically in my
9:30 porn notebook. (Began writing
10:00 that when I realized the written
10:30 porn I found was lousy and
11:00 I could write better.) I found a
11:30 personals ad that turned me on
12:00 and, if I were all done + healed
12:30 up, I'd be tempted to contact him.
1:00 It reads:

1:30 Let Me Play With Your Ass.
2:00 Boyish, fair, smooth skin
2:30 preferred. Anal training,
3:00 spanking, dildoes, enemas
3:30 by the Master.

4:00 I am still mentally detached
4:30 from my own body during
5:00 masturbation and I'm not in
5:30 the picture, am never in my
6:00 fantasies. But I can't wait
6:30 to get my other ball and have
7:00 them to play with.
7:30 Kathleen is back to about
where she was, what she was,
when she entered the hospital a
few weeks ago. Today for the

8:00 first time they removed the

9:30 weak & her eyes wander a lot.
10:00 I've been spending about 4

11:00 Jim is pretty much ignoring
11:30 her. He promised he'd come

12:30 never showed up either time.
1:00 Bridget & I are keeping her
1:30 spirits up, tho. He says he's
2:00 arranging for her to get a
2:30 reclining wheelchair, a hospital
3:00 bed & an 8-hour per day nurse
3:30 in their livingroom in Richmond.
4:00 I belabor the problem of the
4:30 distance from S.F. to Rich-
5:00 mond because I'm afraid to
5:30 drive the motorcycle over the

6:30 She is really snarled up

7:30 movement she makes is to
use her right hand to scratch
her face.

8:00 Saw a great show on TV.
8:30 Vanessa Redgrave (the actress) played
9:00 the role of Dr. Rene Richards,
9:30 true ~~s~~ story of a male-to-female.
10:00 Redgrave played Richards as a

6:00 my hand & admitted he tricked

7:00 him for a minute. So I did.
7:30 Soon his hands were exploring
& he was rubbing up against me.
Unbelievably his first attempts
were to enter my vagina. I let out

8:00 5/24/86

8:30 Last night went to Kathy

9:00 [redacted] as we were to go

9:30 hear Cheyney play a school

10:30 as Kathy + I were alone, she

12:00 her she was the first to ask

12:30 to see it. She was surprised

1:00 at that. Of course she

1:30 said I looked great, but

2:00 what else could she say?

2:30 She sure couldn't say it

3:00 didn't look great. But

3:30 she commented how my

4:00 ball really looked like a

4:30 scrotum and she even

5:00 reached down + stroked it!

5:30 I was real complimented.

6:00 Later that evening

6:30 she told me, after we'd been

7:00 bitching about lovers, that

So Tom is giving me heat how I'm not spending enough time working on the business & we should rewrite the partnership agreement so that I don't get any percentage of the work he does. I suppose I should feel lucky that I've been making money on this business as long as I have been — but I do feel better having our roles in the business more separate. I'm tired of him telling me what to do. I told him it's hard for me to separate my personal feelings from our business relationship. I told him I'm plenty pissed that he keeps trying to poke me where I've asked him not to & again he promised he'd never try

8:00 it again. I've heard that
8:30 before, but emphasized to him

***Man proposes, God disposes—Plautus***

8:00 Wednesday afternoon Tom & I went
8:30 down to the State Bldg and dissolved
9:00 the partnership. Told Tom it's
9:30 probably as close to having a "divorce"
10:00 as I'll ever experience. Our
10:30 partnership lasted 1½ years, and
11:00 I guess that'll teach me a lesson
11:30 to keep the law out of my
12:00 relationships. I knew I had to
12:30 do it, but that didn't make it
1:00 any easier. I asked the clerk
1:30 to give me my own business
2:00 number, and called my company
2:30 "Sullivan's Type." I hope at least
3:00 I can salvage the freedom Tom
3:30 handed to me by staying in
4:00 business for myself — it almost
4:30 seems impossible for me to return
5:00 to another ARCO job — or
5:30 anything full-time, that is.
6:00 And I can make more money
6:30 per hour by getting typesetting
7:00 jobs. My only real drawback
7:30 is that I need a "headlining"
machine that will give me
larger than 12-point type size.
How to get jobs & customers? For

8:00 me, He thought of "going out to

9:00 calls it, "doing sales" is
9:30 terrifying. But I have a
10:00 neat nest-egg in my living

6:00 I did a final accounting

continue the partnership because
I didn't like "working for

11:00 Of course, now I have to think of

12:00 this is true or not. If so, I
12:30 will really be able to say this
1:00 AIDS epidemic among gay men
1:30 has really touched my life.
2:00 Over 1,000 gay men in San
2:30 Francisco have died so far of
3:00 this... "venereal disease," as I

4:00 feel bad, too, if it is true,

6:00 helped me out a lot, and it's
6:30 always meant more to me
7:00 that he especially would

man himself. I hope it's not
true. I've had enough bad
news in the health area.

8:00 This sounds hilarious, but
8:30 so far it seems I'll be making
9:00 just as much — if not more! —
9:30 through Zamot Graphic Prod.
10:00 as I made while a partner!
10:30 Tom just told me he'll give me
11:00 $50 toward the purchase of a new
11:30 bird cage for my love birds — great!
12:00 since I've been shopping for a larger
12:30 one for them and with the extra
1:00 $50 can afford a really nice one.
1:30 Terry told me that he's been
2:00 in a romantic relationship with
2:30 a man for 6 months + feels
3:00 guilty about it. I told him
3:30 how lucky he was + how jealous
4:00 I am. He's very interested in

5:30 like he did on me. Terry said

1:30 a treasure to be in San Francisco
2:00 and have such an opportunity
2:30 to see such a gem. The

taken a Vicodin & I think

***The true measure of life is not length, but honesty—Lyly***

8:00 I felt ok sitting down, but
8:30 walking was like being stabbed
9:00 in the crotch. Later discovered
9:30 the incisions were bleeding &
10:00 maybe due to taking a shower

12:30 that I'd had surgery & wasn't
1:00 walking so good, so I'd man
1:30 the booth at the Civic Center.
2:00 I feel bad because I haven't
2:30 "missed" a ~~G~~ Gay Parade
3:00 since I moved here ('76).
3:30 But I won't exactly be
4:00 "missing" it — only seeing
4:30 it from the other side of
5:00 the table. This is my first
5:30 parade as a Real Man.
6:00 Too bad I'm so goddamned
6:30 SORE. I'm already feeling
7:00 sexier about my body
7:30 and especially my chest.
Strange, hey? It almost
seems as tho suddenly I
feel flat & sensual.

***Patience is bitter, but its fruits are sweet—Rousseau***

8:00 I'm all coming together — little
8:30 by little. TOUCH!
9:00
9:30 7/2/86
10:00 I'm still nursing my precarious
10:30 left ball. The bankers downtown
11:00 who call me for word processing

12:00 Monday & Tuesday. Yesterday
12:30 went to see [redacted] and he

2:00 in the area and put 3 more
2:30 stitches along the side of my left
3:00 ball to try to stop the bleeding.
3:30 He said he saw no sign of
4:00 infection but is still concerned
4:30 about that possibility. He
5:00 explained that this scrotal skin
5:30 is weak, that it's moist,
6:00 that there's skin rubbing against
6:30 skin when I walk, etc. That
7:00 what's really needed is one
7:30 week of total inactivity to give
it a chance to heal. So beginning
last night I decided I would
do just that — because he scared

8:00 me by saying Here's another
8:30 possibility. Had this implant,
9:00 too, would need to be removed!
9:30 So I'm putting my all into
10:00 staying immobile, laying in
10:30 bed with my pants off & my
11:00 legs open to allow Ne air to
11:30 get at it.
12:00 I'm feeling so angry

1:30 him, but I've actually stopped

3:30 I lay here — not even to go
4:00 to the pharmacy 2 blocks away

5:30 myself. I continue to be

*It is hard for the happy to understand misery—Quintilian*

8:00 7/5/86

8:30 The torture continues. So ~~since~~
9:00 Wednesday + Thurs all I do is
9:30 lay in bed + do a LITTLE type-
10:00 setting which requires sitting down.
10:30 All seems OK until Friday morn
11:00 after my shower I see this large
11:30 hole opening up just at the upper
12:00 stitch [redacted] took Tuesday.
12:30 It was about as big as the tip of
1:00 my little finger — I freaked out!
1:30 Phoned [redacted] at his vacation
2:00 home back East where he'll be
2:30 the next 10 days; and he said
3:00 he'd contact his alternate who's
3:30 taking his cases for him while he's
4:00 gone, that I should put special
4:30 medicated gauze (which he gave
5:00 me previously) on it + hang
5:30 tough + he'll call me back. Too
6:00 bad for me it's the 4th of July.
6:30 I laid in bed hardly moving
7:00 all day + even Tom finally took
7:30 pity on me + boiled some eggs
for me, made me some cereal + tea,
brought me a banana + took off
which his bitch of a girlfriend

*Without music life would be a mistake—Nietzsche*

8:00 all day. I laid around & thought
8:30 of how I've spent past July 4th's
9:00 — I remember 1976 — the bicentennial
9:30 when I met some cute sailor boy
10:00 in the gay bar & brought him
10:30 home (I believe). Or was that
11:00 someone else??
11:30 Had a dream last night
12:00 that I was sleeping in grand-
12:30 mother's bedroom in her old
1:00 house. A woman came into
1:30 the bedroom through the window.
2:00 I nervously introduced myself
2:30 to her as "Mrs. [redacted]
3:00 granddaughter, Sheila."
3:30 The woman looked surprised,
4:00 shook my hand & said
4:30 she had thought, when she
5:00 first saw me, that I was
5:30 a boy. I stumbled on
6:00 my mistake & tried to
6:30 redeem myself, "Oh,"
7:00 but I am a boy...."
7:30 Thought about a lot
of things yesterday... Jack;
Kathleen; Bridget & her kids
are moving to Pennsylvania

***Necessity makes even the timid brave—Sallust***

8:00 next week; Jim Koetting; Tom;
8:30 what kind of a man do I want
9:00 to be. I'm really feeling I need
9:30 to fall in love with myself
10:00 before involving myself in another
10:30 intimate relationship. That
11:00 was why I wanted to change
11:30 my sex in the first place...
12:00 so that I could love myself,
12:30 sleep with myself know
1:00 myself and enjoy everyday
1:30 living. It's as though I'm
2:00 playing my favorite game
2:30 all day, and now it's just
3:00 become so easy + natural + fun
3:30 that I don't want anything
4:00 else. I want to learn to love
4:30 my body + feel all its sensations,
5:00 to be with the guys who look
5:30 at my body and they want to
6:00 "dick off" too. It sure is
6:30 hard when my body won't
7:00 cooperate with my quickly
7:30 changing psyche.

I'll tell you one thing —
I'll be plenty pissed if I'm
not plenty healed by the time

**Rule your mind or it will rule you—Horace**

8:00 I finish you, diary, and begin
8:30 another book... and I'd say
9:00 that's giving me PLENTY time.
9:30 So this morn [redacted]
10:00 phones me that [redacted] Dr. Seuss
10:30 (yes, spelled just like the
11:00 author of CAT IN THE HAT
11:30 books) would get in touch
12:00 with me to see me today.
12:30 Tom brought me some soups
1:00 + orange juice. Mary [redacted]
1:30 took me to the doc, I didn't
2:00 like having to see some doc
2:30 who may not be sympathetic
3:00 to my situation + just
3:30 yank my ball out on some-
4:00 thing (but I guess [redacted]
4:30 already DONE that!) + hoped
5:00 he wasn't some Holy Roller
5:30 Right Winger or something.
6:00 He had to open his office up
6:30 special to see me (Saturday).
7:00 He pinched the two edges
7:30 of the splitting skin together
+ told me that I didn't have
enough skin to cover the
implant, which is too large

9:30 maybe if we just let the swelling
10:00 go down there'll be enough skin
10:30 to close the hole up. & didn't

4:00 up inside & cause it to get
4:30 infected. So he says just keep

or yanking. & guess a lot of my
panic was psychological but

Columbus Day

*Kindness begets kindness—Sophocles*

8:00 it. No way I'm waddling around
8:30 now is just not explained by
9:00 my "turned ankle" line and
9:30 it's been too many weeks for
10:00 it to STILL be so sore. Tom's
10:30 brother Fred has been hanging
11:00 around our place a lot + is
11:30 very friendly with me + I'm sure
12:00 the turned ankle story doesn't
12:30 sit right with him either.
1:00 OK. And "cosmetic
1:30 surgery on one of my balls"
2:00 isn't a lie, either.
2:30 So Dr. Seuss says the
3:00 implant's too big, but it's a
3:30 size small, when he put a
4:00 medium in my other sac.
4:30 If the small's too big, that's
5:00 pretty pathetic. I don't want
5:30 to have one THAT much smaller
6:00 than the other. So I've got to
6:30 hang tough and try to save
7:00 this implant.
7:30 It just dawned on me
that perhaps [redacted] didn't
tell Seuss I was a female to-
male, because she touched my right

10:30 Poor Lou. Monday noticed that
11:00 a second hole is opening up
11:30 about an inch above the old
12:00 larger hole. So what can be
12:30 done? Nothing. Just hoped
1:00 this would be an easy and
1:30 quick week, and I've been
2:00 "lucky" there. Wednesday I
2:30 phoned Dr. Suess again to
3:00 report the second hole. He
3:30 said that it only confirmed
4:00 his diagnosis that the implant
4:30 is too large, and the only
5:00 thing he would do would be
5:30 remove the implant. I don't
6:00 want that so he says just
6:30 keep it clean & see [redacted]
7:00 Monday. There is loose skin
7:30 available in my scrotum,
but the implant won't go there.
It is very hard & immobile.
I think different than the other

*To him who hearkens to the gods, the gods give ear—Homer*

8:00 He chest surgery but is living
8:30 happily as a female (butch
9:00 dyke), visited me yesterday &
9:30 I was very open about my personal
10:00 circumstances. She asked to see
10:30 my surgery & I pulled down &
11:00 my pants without removing
11:30 the gauze over my holes.
12:00 She was very pleased & said I
12:30 could pass as male no problem
1:00 & it really bolstered my ego.
1:30 And she made me think more of
2:00 the good side — that I AM
2:30 finally on my way to being
3:00 completed, that it's finally
3:30 happening (however slowly).
4:00 Even tho I'm glad to see
4:30 [redacted] tomorrow, I really
5:00 dread it. I'm sure it's just
5:30 going to be more pain and
6:00 bad news. He's got a LOT of
6:30 stitches in there that he has
7:00 to remove and they're really
7:30 well-healed & buried in my
skin.

8:30 Yesterday, upon first glance

9:00 and without any question,

9:30 [redacted] removed my

10:00 left ball again. It wasn't

10:30 as painful as I'd expected

11:00 and almost immediately I

11:30 felt a whole lot better physically.

12:00 Mary [redacted] has been very

12:30 supportive, driving me back,

1:00 having me over for supper.

1:30 He says I must wait for

2:00 6 months before he'll try

2:30 to put in another testicle.

3:00 I feel the year is shot...

3:30 that I better re-prioritize

4:00 all those things I've been

4:30 putting off "until I'm all

5:00 healed up." Doesn't seem

5:30 like that will be 'til 1987.

6:00 Of course I feel sorry for

6:30 myself. But I am happy

7:00 I have something — and

7:30 now I am a deformed male

instead of a female. I'd much

rather be any kind of male

than be a female!

4:30 but I would show her my surgery.

5:00 It was hard to tell what her

10:00 was for me to be there for her—
10:30 telling her she's NOT the only
11:00 one and she HASN'T invented
11:30 a brand new perversion that's
12:00 never been heard of before.
12:30 She's been prowling the libraries
1:00 as I had, trying to find a single
1:30 mention of such feelings.
2:00 She's seeing a psychologist
2:30 in Berkeley + finally told
3:00 him about 2 months ago
3:30 how she felt. Her shrink
4:00 phoned Paul [redacted] to see if
4:30 he ever heard of this, and
5:00 Paul referred him to me.
5:30 This psychologist (Neil
6:00 [redacted]) phoned me + I agreed
6:30 to meet with Karen/Steve.
7:00 We talked for several hours
7:30 and she said I don't know
how great it was to meet me,
but then quickly added,
"well, maybe you do."

8:30 This evening met with 2 FTM's: John

9:00 [redacted] (who I met maybe 5 years ago

9:30 at a Christopher's apartment here in the

10:00 City) and Brice [redacted], 39 yrs old, who

10:30 started hormones 1½ yrs ago (an old-

11:00 timer). We spent several hours talking,

11:30 of course. They wanted to see my genitoplasty.

12:00 It was fantastic talking to these "more

12:30 experienced" guys instead of me being

1:00 the one further along the way. I know

1:30 they both really liked me & somehow

2:00 treated me with more respect &

2:30 acceptance as a gay man than I some-

3:00 times feel from my hetero peers. I

3:30 gave them both a copy of my book &

4:00 John expressed an interest in doing

4:30 some publishing. Last Friday Jim [redacted]

5:00 & I were coming out of a movie theatre

5:30 after seeing The Mystery of Alexina, based

6:00 on the book Herculine Barbin: Being the

6:30 Recently Discovered Memoirs of a 19th

7:00 Century French Hermaphrodite. A black

7:30 FTM gay man, Chad (who I met

last year at the FTM picnic as

"John") was with his white FTM

lover (who says he likes girls better)

*It's no use making haste; set out in time—de la Fontaine*

8:00 8/15/86

8:30 Saw Bob Dylan in concert the other
9:00 day & tomorrow LOU REED!
9:30 Dylan looked & sounded fantastic —
10:00 the same guy, but older & better.
10:30 He really was one of my early
11:00 male role models — I wanted so
11:30 much to be cool like him. Now
12:00 Lou Reed took his place!

2:00 Yesterday morning while Fred (Tom's
2:30 brother) and an old woman were in
3:00 the back rooms collating, Tom came
3:30 in my bed & initiated sex. Too bad
4:00 the majority of it — again — was him
4:30 trying to poke his dick between my
5:00 balls & up my cunt. It really DOES
5:30 hurt when he ~~he~~ tries & I will NOT
6:00 let him penetrate. He asks why? does
6:30 it hurt? and I say no, I just
7:00 don't want to do that anymore.
7:30 So I just sat on his balls and
jerked him off and he really came —
in contrast to our last few
physical encounters where he walks

*Study the past if you would divine the future—Confucius*

8:00 away before he comes. Anyway,
8:30 just the little rubbing we were
9:00 doing, my holding his dick
9:30 between my legs and rubbing
10:00 our dicks together, irritated
10:30 the torn skin that's healing
11:00 together. I don't think I reopened
11:30 the skin, but it sure burned
12:00 when I got soap on it. I
12:30 just can't believe it's taking
1:00 so long and it seems like I'll
1:30 never be healed + healthy
2:00 enough to present myself to a

3:00 matters worse, I found the

8:00 All I can do is hope he's still
8:30 at the same phone & eager to meet
9:00 someone next summer ... That's
9:30 probably the earliest I'll be able
10:00 to present myself. SHIT
10:30 "Small pp's OK" & he's really
11:00 the man for me.
11:30
12:00 9/8/86
12:30 Went to see [redacted] today &
1:00 discussed some additional
1:30 surgery with him. He said he
2:00 wants to wait until January &
2:30 I'm well-healed. Asked if at the
3:00 time of that surgery, he could
3:30 somehow attach my 2 scrotal
4:00 sacs into one, like real men
4:30 have one sac with a seam down
5:00 the middle. Also could he
5:30 extend my urethral opening
6:00 even one-half inch further
6:30 up my dick because then I
7:00 could probably pee standing.
7:30 He got down to really look
at my crotch & babbled on
describing how he could do it
by "denuding" this and skin-

9:00 He seemed very confident. Said
9:30 he'd prefer if I'd go to the

10:30 I'd have to have a catheter
11:00 again — SHIT. I know it's

1:30 from Tala, a male-to-female
2:00 lesbian who's active in the

5:30 asked if I had ever spent

7:00 not really, but apparently

a female-to-male gay man was
an interesting combination, so

*If men be good, government cannot be bad—Penn*

8:00 I'm going there with Tala tomorrow
8:30 to speak. Should be plenty
9:00 interesting. I sure haven't had
9:30 any positive experiences with
10:00 the lesbian community, but have
10:30 noticed that the women are a LOT
11:00 less separatist than, say, in
11:30 the '70's.
12:00 John came to visit us last
12:30 week — stayed about 4 days.
1:00 Showed up at my door Saturday
1:30 morning without notice. We
2:00 communicated well — went to
2:30 breakfast, etc., drank lots of
3:00 coffee and smoked lots of
3:30 reefer & hung out at Mary
4:00 [redacted] Drove him out to visit
4:30 Kathleen when Jim was at work —
5:00 it's really only the 2nd time
5:30 he's seen her since she got
6:00 sick. He made some mention
6:30 to Kath that I wouldn't show
7:00 him my surgery! (That morn
7:30 he wanted to use the bathroom
while I was there & I asked him
to wait until I stepped into the
shower!) So later that day —

*In goodness there are all kinds of wisdom*—Euripides

8:00 or I think actually it was the
8:30 next morning I did pull aside
9:00 my robe and show him & his
9:30 first reaction was that I
10:00 looked "just like Ogre" —
10:30 ~~sound~~ Ogre from Milwaukee.
11:00 Of course had pleased me
11:30 immensely, as Ogre is a "real
12:00 man." But when I told that
12:30 to Mary Ellen she exclaimed,
1:00 "Oh, that's GROSS!" because
1:30 Ogre is such a fat ugly
2:00 little man. Apparently
2:30 John had a fantastic time in
3:00 S.F. this time and reported
3:30 back to ma that he finally
4:00 felt he has a family here.
4:30 I've been putting in some
5:00 volunteer time working at the
5:30 "No on PROPOSITION 64"
6:00 campaign headquarters. It's
6:30 a California state proposition
7:00 to put victims of the AIDS

a super vicious anti-gay
measure perpetrated by right-
winger Holy Rollers. Last week

*The gift of a bad man can bring no good—Euripides*

8:00 10/2/86

I feel as though I am dashing about in a sea of netherland; I am not certain about anything these days. I wish I were whole so I could relax. I'm beginning to feel the need humans must have for another human's touch, yet I am still ashamed of my body & wonder if I'll ever get past that feeling, or if this is my life. Terry has set me up for a "blind date" with a "Jerome" who I suppose is hot & available. How the hell do I explain my physical condition to him? Tell him the truth? Or make something up? Will there ever be an end to my having to "explain" myself? Or should I just take the position of simply not saying anything about it at all! That has worked for me before. Remember the wonderful sailor who made me think of Randy, who stayed late into the next morning

***A man of courage never wants weapons***

10/4/86

Was just introduced to a doll of a guy, with whom Terry (a F→M turned gay) thinks I have a chance. I don't know if Terry told HIM (Jerome) that HE has a chance with ME, but he do! He suggested all 4 of us (with Terry's lover, Tony) go out next weekend. So that's exciting. Another young 'un. From Milwaukee! An artist (we saw a performance this evening for which he made a film of a man in a fire, and when I saw it, I thought the man was a stuffed figure with a light simulating the fire flickering on him. Pretty well done! He doesn't know anything about Terry being F→M, and Terry said he's already tried to put the move on Tony and Terry, not knowing they were involved with each other — so I know he's looking for someone. I did like him at first sight, and I know that's important.

*The lovers of freedom will be free—Burke*

8:00 Of course I've worried &
8:30 raked my brains about what to/
9:00 not to tell him. I decided I'd
9:30 just say, before he touches my
10:00 crotch, that I hope he doesn't
10:30 mind, but I've [redacted] "just had
11:00 some surgery and I only have
11:30 one ball." That will at least
12:00 alert him to expect something
12:30 unusual and I can leave my
1:00 explanation at that & try to
1:30 relax about it.
2:00 Another great thing that
2:30 happened is John [redacted],
3:00 a "well-known" F→M phoned
3:30 me to say he'd like to get a
4:00 female-to-male group going &
4:30 someone suggested he call me
5:00 because I might want to, too.
5:30 I was so flattered he'd call
6:00 ME. He is married, but was
6:30 quick to tell me he "hates
7:00 stereotypes ... gay ... straight"
7:30 so that's cool. I'm very
excited by the idea of calling a
gathering of F→M's just to
talk to each other, exchange

***Princes owe their people the freedom of law—Massillon***

8:00 information, + just "be Here"
8:30 for new F→M's coming out, and
9:00 John seemed particularly interested
9:30 in steering them away from Judy
10:00 + Laub, and toward [redacted]
10:30 who I really talked up. I'm very
11:00 excited ... oh, I already said that
11:30 ... but I am, about maybe even
12:00 getting a small newsletter going +
12:30 I'm sure it's possible if we can
1:00 get other F→M's to "sign up."
1:30 And you know how I LOVE
2:00 to put little newsletters together!
2:30 I've been xeroxing old 1980
3:00 issues of The Gateway I did
3:30 for Golden Gate Girls/Guys and
4:00 I must pin roses on myself +
4:30 say they were great little publi-

5:30 Tala, with whom I gave the
6:00 talk in San Jose recently, a
6:30 male-to-female actually said
7:00 to me on our way there how
7:30 she always wanted to tell me
how much she enjoyed The Gateway
when I was doing it and how
it immediately became a piece

10:00 Talked to Terry + he said that he +
10:30 John [redacted] saw me speak
11:00 with Kim [redacted] at the Pacific

12:30 of my memory, I remember these 2
1:00 now that he mentions it! John is

2:00 I just copied from Terry's copy
2:30 entitled WHAT SEX AM I?
3:00 I laughed to Terry, "Gee I never

8:00 to invite him to a showing of 1950-60's
8:30 anti-gay films and he accepted!
9:00 I offered to pick him up on my motor-
9:30 cycle, and he went one better and
10:00 invited me over to his place early
10:30 for supper! And I really need to
11:00 hook up with someone who cooks.
11:30 Too bad it's on Cheyney's birthday
12:00 party night, but he's 16 now and
12:30 surely understands Hot Dates.
1:00 After all my rationalizations of
1:30 needing time to myself, etc., I am
2:00 so happy he wants to see me too +
2:30 am beginning to wonder if the yearn-
3:00 ing humans feel for a partner is

4:30 we are accepted and part of the

8:00 bar we went to last time he was

9:00 up on me real quick. He was
9:30 super drunk, tho. We spent a
10:00 long time hugging + kissing in the

5:30 she won't even try to do anything

*Time spent in laughter is well invested*

8:00 Had Jack's father wrote to Jack's
8:30 mother in 1859 — that is, ten years
9:00 before Jack was even born. Funny
9:30 I should have an easier time getting
10:00 things like that than things of the
10:30 much more recent past, like 1936.

2:00 & we had halfway decent sex!!
2:30 He rubbed his dick against my balls
3:00 & said he liked my ball "hanging
3:30 down." It was pretty exciting.
4:00 At one point he was pressing,
4:30 not rubbing, and I warned him
5:00 "don't do that" but he said
5:30 he wasn't trying to penetrate me
6:00 and "besides it's too tight up
6:30 there, right?" I said right.

closed up in addition to the
strip of tissue removed during

***Gross negligence is equivalent to intentional wrong—Legal maxim***

8:00 So I've really decided to have
8:30 a get-together for female-to-males
9:00 and send out invitations. Steve
9:30 [redacted] was the first to phone me
10:00 saying he'd come, and commenting
10:30 that not only were those gatherings
11:00 good for new people, but "it's
11:30 also good for us old-timers to
12:00 get together once in a while."
12:30 That's the second time a F→M
1:00 has referred to me as an "old-
1:30 timer," and it makes me so
2:00 proud — makes me feel that I
2:30 really have experienced / accom-
3:00 plished something. It's on
3:30 Dec. 6, so I'm looking forward
4:00 to it.
4:30 Am feeling very lonely and
5:00 very frustrated with having Tom
5:30 around all the time, but I have
6:00 to suppress all passion I feel
6:30 for him. His girlfriend has gone
7:00 back to Ohio, I figure, for a
7:30 few weeks it seems, and last
weekend we went out to dinner
downtown + to the drag bar, the
Black Rose on Jones Street.

4:00 another roommate said he'd
4:30 left. I went to the theater &

5:30 showed up & has never called
6:00 me back. So forget it.

to keeps phoning to make a date

8:00 and I've made up lame excuses
8:30 at least 3 times and have never
9:00 phoned him, but he keeps calling
9:30 + doesn't get the hint that I'm
10:00 not interested. I guess I'll have
10:30 to spell it out for him. I mean
11:00 it wasn't that he looked goofy,
11:30 but he had a most aggravating
12:00 habits and kept talking about
12:30 wanting a "boyfriend." He
1:00 was pathetic.
1:30 I finally met with Allan
2:00 Berube at his apartment one
2:30 afternoon to go through his
3:00 "Babe Bean" articles and there
3:30 were a few that I didn't have...
4:00 most notably one on the Klondike
4:30 gold seekers. Plus he asked me
5:00 to give him copies of Jack Bean
5:30 in Manila articles, as he's writing
6:00 a book on gays in World War II
6:30 (he's already been paid by the
7:00 publishers) + he feels the Spanish-

which women could pass as men +
join as soldiers, because WW II

12:00 Tom invited me to "watch him practice"
12:30 bowling Fri nite. Though he has
1:00 high school bowling trophies, he
1:30 hasn't bowled in a long time. Well,
2:00 he bowled 123 and Ken 134 and
2:30 talked me into bowling one game. It
3:00 was the first time I've bowled in my
3:30 life, aside from once when I was
4:00 about 10 and once with Charlie +
4:30 the boys ~~the~~ here on Haight St. I just
5:00 blew Tom's mind when I scored 121!
5:30 right up there with his first score.
6:00 He was agog + said I'm a natural
6:30 bowler + if I practiced could easily
7:00 bowl a 175. HA HA I've teased
7:30 him over the years for being a goofer
bowler cuz anyone who bowled in
Milwaukee was a nerd — and now
he tells me I'm a natural bowler.

9:00 Paprika better not find THAT out!
9:30 I wish I could stop loving
10:00 him, but he came into my bed
10:30 again yesterday morn + initiated
11:00 sex. As usual the main activity
11:30 was try to put your dick in

2:30 + he hadn't cum yet. I pointed

4:00 I used the old women's lib line
4:30 on him: "You're responsible
5:00 for your own orgasm." Not
5:30 as great a quip as what I
6:00 thought of later, i.e., that
6:30 I was jerking myself off to

is he talking about "everyone

9:00 Anyway I think Tom must
9:30 love me more than he realizes.
10:00 I don't know why else he'd be
10:30 with me this long. In talking
11:00 with Mary [redacted] about this, she

12:00 of town til the 17th + he's just
12:30 horny + I'm available + willing

1:30 She's right, of course.
2:00 He claimed that he had
2:30 inserted 3 fingers up my "C"
3:00 so his dick should fit without
3:30 hurting me. I told him tough
4:00 shit, I just don't want to do
4:30 it that way.
5:00 I know it's just that
5:30 I'm so starved for a gentle touch
6:00 that I'll put up with his
6:30 selfishness.
7:00 Last night I went to the

*Look before you leap*—English

8:00 + he was very amiable + took my
8:30 hand + hoped we can remain
9:00 friends + I can keep my office
9:30 room on [redacted] at no rent
10:00 + I can take the television, etc.,
10:30 etc. and I didn't have to be out
11:00 right away but could move stuff
11:30 at my leisure, etc. I thought
12:00 it would take us at least a month
12:30 to find a nice place, but there it
1:00 was + the landlord/lady didn't
1:30 even check our references, but
2:00 took Jim's check + gave us
2:30 both a set of keys! Jim and I
3:00 just clasped each other + jumped
3:30 up + down for joy in the kitchen!
4:00 It was just meant to be. We
4:30 can move in immediately + will.
5:00 I took around the place
5:30 on [redacted] + see very little
6:00 I intend to take with me, as
6:30 far as furniture, etc. We
7:00 should have no problem dividing
7:30 our possessions — it's fairly
clear who owns what.
1987 has GOT to be a good
year.....

**Money was made for the free-hearted and generous—Gay**

8:00 + sadness I feel about losing
8:30 his love. He never really
9:00 thought I would go....
9:30 I can't believe I've lived
10:00 with this guy for 5 years
10:30 and the last two have been
11:00 so sad... Maybe I am just
11:30 a jealous crybaby, but I
12:00 don't think so. When I look
12:30 back on even our most in-
1:00 love days, I knew he wasn't
1:30 mine forever.
2:00 I don't feel sad any-
2:30 more + I told him so. I've
3:00 gotten past sadness now +
3:30 I think things are going to
4:00 get better.
4:30 Tom says there's two
5:00 kinds of sadness: (1) the
5:30 kind where somebody dies
6:00 in your family and (2) when
6:30 you see something sad on
7:00 T.V. That almost made
7:30 me laugh.
He came over and
hugged me + I hugged him
back.

8:00 living in a dream if he thinks
8:30 he can afford the $752 rent

9:30 Big Man with the ladies.
10:00 He thinks I'm being

12:00 was saying that and why

1:00 my pots + pans + lamps +
1:30 tables have become HIS,
2:00 simply because I've been
2:30 ~~left~~ sharing them with him
3:00 + letting him use them these
3:30 past 5 years! Who's being
4:00 SELFISH!??
4:30 I hope he feels VERY
5:00 bad that I'm moving and
5:30 I hope he wishes he'd

***A wager is a fool's argument***

8:00 do some paste-up on a typesetting
8:30 job + do some bookkeeping for Tom.
9:00 He was VERY nice, apologizing
9:30 for not helping me last night,
10:00 but he "couldn't = because it
10:30 it was just so sad." I said
11:00 I don't think it's a sad thing
11:30 + I hoped it would improve our
12:00 relationship. He said "but
12:30 you moved anyway" like he
1:00 couldn't believe I really did it.
1:30 I guess my empty bedroom
2:00 made it all real. Said he looked
2:30 in the paper + one-bedroom apts.
3:00 are $500-600 and he might as
3:30 well stay at [redacted] for $750.
4:00 He seems adament against
4:30 getting a roommate, and (of
5:00 course I never would say to him,
5:30 but) I can't believe SHE
6:00 ("Fuck Face," as Mary [redacted]
6:30 calls her) isn't trying to move
7:00 in with him. He once told me
7:30 he "could never live with
hey" but then that's what Jim [redacted]
said about Paula at
first, the woman he chose over

8:00 me.

8:30 Oh, this freedom is

9:00 going to nurture me, and

9:30 I think Jim [redacted] will, too.

10:00 He thinks Friday or Saturday

10:30 night he'll be sleeping here,

11:00 and I'm glad I got those

11:30 first 2 nights here alone.

12:00 Right in the middle of

12:30 all this, my typesetting

1:00 processor sprang a leak &

1:30 I paid Tom's brother Fred

2:00 to fix it, but he didn't.

2:30 He & Tom brainstormed &

3:00 set up a way for me to

3:30 develop the photo-sensitive

4:00 paper without the processor,

4:30 so I paid for that, I guess,

5:00 what a lot of commotion!

8:30 Amazing how relaxed & at-home

9:00 I feel on [redacted] & sleep like

9:30 a baby and am having flashes

10:00 of revelation of how much I

10:30 like myself. Jim & I are getting

11:00 along famously. He can be a

11:30 rather "excitable" person, but I

12:00 just ignore that. Am still

12:30 sorting & arranging & organizing

1:00 the apartment... it is a bit smaller

1:30 than [redacted] & I think I better start

2:00 getting rid of some of the stuff

2:30 (especially clothes) that I've had

3:00 for 10+ years. I have noticed

3:30 several times a day I have a

4:00 shortness of breath, as though

4:30 I cannot take a deep breath...

5:00 Mary Ellen says it's because

5:30 I don't breath properly &

6:00 I should take some yoga breathing

6:30 classes. I guess I'm "excitable"

7:00 in other ways. Have been working

7:30 8 hr. days word processing &

with Christmas so near & all...

I don't think even I fully

realize what a stressful thing

***Where is a workman without his tools?***

8:00 I did by busting outta [redacted]
8:30 Five years living with Tom ... I
9:00 almost feel ashamed at having stayed there that long,
9:30 except when I really look back to the beginning of our
10:00 relationship ... when he was "really in love" with me &
10:30 so sweet I melted before him. I guess the early 20's are the
11:00 years a person changes the most ... really forming them-
11:30 selves as adults. He was a sweet boy, but became the
12:00 kind of man I can do nicely without. — You should see
12:30 the hundreds & hundreds of dollars worth of furnishings
1:00 Tom has poured into Page St. since I left. He bought a
1:30 black satin couch, a rosewood coffee table, two large beautiful
2:00 lugs, a $600 TV, an electrically adjustable bed ... I mean, it's
2:30 just ridiculous. Mommy hung white lace curtains on every

***Egotism is one-letter suicide***

8:00 scrubbed + swabbed like crazy.
8:30 There are rugs in the bathroom
9:00 and expensive poinsettas on
9:30 the mantlepiece. I told him
10:00 I wished he would have done
10:30 something to make the place look
11:00 nice when I lived there. He
11:30 said he just doesn't know why
12:00 he didn't. I felt like saying
12:30 because he's a selfish shit +
1:00 doesn't think of doing anything
1:30 unless it's for himself. Sure,
2:00 the front rooms look great now
2:30 while everything's brand new.
3:00 We'll see when the rug starts
3:30 getting dirty and the lace
4:00 curtains turn gray. (I told
4:30 him it looked like Tinkerbell
5:00 lived there with all the lace +
5:30 froo-froo. He said his mother
6:00 hung the curtains — his brother
6:30 Fred confirmed it.) I'm

isn't trying to move in with
him. Anyway I don't care if
she does — cuz I know he ain't

8:00 mine anymore either way.
8:30 Went to see [redacted]
9:00 last Thursday & I'm scheduled
9:30 for surgery January 13. He's
10:00 going to reinsert my missing
10:30 left testicular implant, plus

12:00 my penis, so that I might

***Studies serve for delight, for ornament, and for ability—Bacon***

8:00 1-7-87

8:30 Well, diary, I didn't think
9:00 I'd be writing the last chapter
9:30 so soon. My penmanship is
10:00 pretty bad because I have an
10:30 intravenous needle in my
11:00 right wrist & I'm in the hospital.
11:30 I have AIDS.
12:00 How in the hell could this
12:30 have happened? I, who have
1:00 been a sexual recluse for so
1:30 long, contract a disease
2:00 associated with promiscuity ...
2:30 a fatal disease.
3:00 I guess I first noticed
3:30 my weakness & shortness of breath
4:00 the 2nd of Dec. when I was
4:30 moving. I explained it away
5:00 as a chest cold, as a lack of
5:30 proper diet, as being "out of
6:00 shape." Sometimes I'd be
6:30 walking & ~~[illegible]~~ to stop & wait
7:00 until I caught my breath. I was
7:30 taking decongestants & figured
my ~~[illegible]~~ sinuses, which were
clear, were draining into my
chest. On Dec. 28 I went to

*It is better to bend than to break*—French

8:00 Mary [redacted] was falling apart
8:30 & I urged her to call Bridget
9:00 & I'd pay her airfare from
9:30 Penna. so Mary didn't have
10:00 to face this alone. Ma said
10:30 she would come, too.
11:00 Friday Tom was visiting
11:30 me, brought me a holly plant,
12:00 when the docs came in and
12:30 told me the test results were
1:00 positive that I have AIDS —
1:30 Acquired Immune Deficiency
2:00 Syndrome. They explained
2:30 every case is different, but
3:00 prior patients have lasted
3:30 from a few months to a few
4:00 years. That I would surely
4:30 be in & out of the hospital often
5:00 before I die.
5:30 I guess it was Saturday
6:00 that ma & Bridget flew in.
6:30 I'm sure I've been in
7:00 just a state of shock & disbelief.
7:30 How in the hell did I get this
when I haven't even been having
sex with anyone. I can count
on one hand the number of sex

***Don't look for five feet on a cat*—Cervantes**

8:00 partners d've had since I moved
8:30 in with Tom. My main thoughts
9:00 were completing my Jack
9:30 Garland story + publishing
10:00 you, diary. But it appeared
10:30 even that wouldn't happen.
11:00 And I guessed that this
11:30 would ~~if~~ definitely prevent
12:00 me from ever completing my
12:30 surgery. What a rip-off.
1:00 Of course the whole family
1:30 is stricken with grief. The
2:00 misfortune in the Sullivan family
2:30 has just been too much.
3:00 The last time Tom visited
3:30 I could see the terrible sadness
4:00 lined into his face. He said
4:30 he lit a candle for me + that
5:00 the flame burned high + strong
5:30 for a long time so he was
6:00 sure it was a good sign.
6:30 Kathy [redacted] boyfriend
7:00 came in to visit + Tom kissed
7:30 me goodbye on the forehead
right in front of him.
He tries to project optimism,
but I know he's hurting inside.

8:00 The only time it's really hit me
8:30 + saddened me was when
9:00 Mary [redacted] got permission to
9:30 bring Kory + Erin to see me.
10:00 I realized that they are
10:30 going to have to see their
11:00 Uncle Lou die + how really
11:30 sad that is ... they love me
12:00 so much.
12:30 Each day I'm feeling
1:00 stronger. I get intravenous
1:30 antibiotics every 6 hrs. called
2:00 Septra. I had a fungus growth
2:30 on my tongue + mouth but it
3:00 went away with a few tablets.
3:30 It was pretty gross, though.
4:00 Jim + Joe came to visit
4:30 + Jim's eager for me to come
5:00 home + still wants me as a
5:30 room mate.
6:00 I phoned [redacted] on
6:30 Monday + told him he was very

7:30 I asked if this definitely nixes
giving me my left ball + he
said he wouldn't completely
rule it out, but I bet he has

*All cats are gray in the night*

8:00 to talk to a lot of people +
8:30 find out a lot more before he
9:00 could make a decision about
9:30 what this means. I was shocked
10:00 when mom said she thought I
10:30 should go through with it if
11:00 he'd do it! I thought for sure
11:30 she'd say, oh, it would be too
12:00 dangerous.
12:30 The docs say I could be
1:00 out of the hospital maybe even
1:30 next week, but that I almost
2:00 certainly will return with
2:30 pneumocystis again. They gave
3:00 me permission to bring my
3:30 computer to the hospital so I
4:00 can work on the Garland book.
4:30 I will be put on disability and
5:00 State medical aid + guess I
5:30 never have to work again.
6:00 It really hasn't hit me
6:30 that I am about to die. I see
7:00 the grief around me, but inside
7:30 I feel serene + a certain kind
of peace. My whole life I've
wanted to be a gay man +
it's kind of an honor to die

8:00 from the gay men's disease.
8:30 I'm going to take special

9:30 [redacted] — I'll write her
10:00 something like: "Your clinic

2:30 Thursday I threw up once each day,
3:00 but yesterday kept my food down
3:30 without any anti-nausea medicine.
4:00 I've been taking a shower by
4:30 myself without getting winded
5:00 + venturing out into the hallway,
5:30 altho I wear a surgical mask
6:00 to protect myself from other
6:30 people's germs. The docs say
7:00 I'm tolerating the medication
7:30 very well + if I can keep it up
for 14 days, I can go home...
that means next week Wednesday.

***More is meant than meets the eye—Milton***

8:00 Called the Social Security office
8:30 to begin the process of getting
9:00 disability checks. Anyone with
9:30 AIDS immediately qualifies for
10:00 permanent disability & never has
10:30 to work again. I'll keep my
11:00 typesetting business with Tom, but
11:30 will discontinue the temporary
12:00 agencies & word processing jobs.
12:30 Charles [redacted] phoned &
1:00 is in N.Y. and says he'll come
1:30 see me next week for about 3
2:00 days. I hope he doesn't make
2:30 me nuts with his chanting like
3:00 when we went to the Grand Canyon
3:30 & I'll have to have a frank
4:00 discussion with him about
4:30 that before he arrives. I'm not
5:00 really eager to see him, but
5:30 hope he'll be a help instead of
6:00 a burden. He should be here
6:30 when they let me go home.
7:00 I need to talk to some
7:30 nutritionist and holistic
medicine people to find out
how best to take care of myself
once I go home.

***Duty: stern daughter of the voice of God—Wordsworth***

8:00 Tom comes to visit every 2-3
8:30 days. I urged him to wear a
9:00 rubber when he has sex to be
9:30 safe. He said it's too late for
10:00 the relationship he's in ... they've
10:30 been exchanging bodily fluids for
11:00 2 years ... but he will wear a
11:30 condom if he has sex with anyone
12:00 else. I'm sure he's not telling
12:30 Papicka anything about my
1:00 condition or his possible exposure
1:30 to the virus. Tom's mother & brother
2:00 have phoned me here at the
2:30 hospital several times to see
3:00 how I'm doing.

4:30 The thing that hurts me most
5:00 is to think that I will never

6:00 my whole completed body. That
6:30 even though I may still be able
7:00 to undergo the surgery to get my

my disease I will never find a
lover who will suck me, lick
me, kiss me there. The enormous

# DECEMBER 25 WEDNESDAY

Christmas

***May Christmas joy linger throughout the year***

8:00 injustice of that possibility
8:30 almost overwhelms me with
9:00 despair. How close I was!
9:30 How good it feel to have even
10:00 one ball! a miniscule cock!
10:30 And now I feel like a leper,
11:00 something diseased & fearsome
11:30 & unlovable. This is what is
12:00 haunting me. Not the immanence
12:30 of death. We all know from
1:00 the moment we are born that
1:30 we are destined to die. That's
2:00 OK. I just dread having to
2:30 spend these last precious
3:00 years as an outcast AGAIN.
3:30 I can't let these negative
4:00 thoughts take over me, because
4:30 I know they simply breed more
5:00 ill health, but I truly see
5:30 no light at the end of this
6:00 tunnel, and it will take a
6:30 real miracle to find myself
7:00 in someone's loving arms, to
7:30 lie next to a man's warm body
and sleep. Is that asking too
much, after all I've been through?

# DECEMBER 27 FRIDAY

*Nothing is easy to the unwilling*

8:00 1/16/87

8:30 Monday afternoon they discharged
9:00 me from the hospital. I was so
9:30 excited to go home, I was completely
10:00 exhausted once I got here. Mary [redacted]
10:30 has been by my side on a minute's
11:00 notice & really an invaluable assistance
11:30 at all times. I can't imagine how
12:00 I'd get through all this without her.
12:30 So good to be home, but rather
1:00 frightening. I feel like, hey, I
1:30 got this deadly disease & no one
2:00 can give me any guidance as to
2:30 how to manage it or what I
3:00 should do differently — other than
3:30 eat well, get lots of rest, wear
4:00 gloves when I change the newspaper
4:30 in the bottom of the bird cage.
5:00 I continue taking the oral Septra
5:30 for about 2 more days and
6:00 have been popping extra Vitamin C
6:30 after reading many reports of
7:00 its benefits for AIDS victims.
7:30 It's impossible to watch TV or
read the paper without hearing
something about AIDS & how so
many people are dying from it.

*Nothing is so much worth as a mind well instructed*—Bible

8:00 I still can't believe this is
8:30 going to kill me, but sometimes
9:00 I feel so tired, I believe it
9:30 could.
10:00 Charles arrived in S.F.
10:30 Monday eve + left to return
11:00 to N.Y./Denmark this morn.
11:30 I was so glad to see him
12:00 leave, I'm sorry to say,
12:30 because again he did NOT
1:00 let up with his preaching
1:30 about his religion + how
2:00 everything would be better
2:30 if I'd only chant chant chant.
3:00 In the 3 days he was here
3:30 we never once were able to
4:00 have a conversation on any
4:30 other topic, it would always
5:00 come down to "if I'd only
5:30 chant," just like at the
6:00 Grand Canyon last year.
6:30 Too bad, because I do like him
7:00 so much; he did sleep with
7:30 me, although we hardly even
touched each other — but you
know me: even being NEAR
a gay man is erotic enough

***Who does no evil is apt to suspect none***

8:00 for me, especially now at this time
8:30 when I'm feeling like I'll NEVER
9:00 find a lover NOW. I mean, I used
9:30 to have a shred of hope I'd find a
10:00 gay man who wouldn't care what
10:30 I used to be + wouldn't care I had
11:00 a 1" dick that was nonfunctional.
11:30 But now that I also have a
12:00 sexually transmittable fatal disease,
12:30 I don't think I'll ever find anyone
1:00 who'll look twice at me.
1:30 Social Security Admin. sent
2:00 a man over yesterday who filled out
2:30 all the forms for me to get money
3:00 from them — today the hospital
3:30 filed for me to get Medi-Cal to
4:00 pay my medical bills. It's like
4:30 if you got AIDS you instantly
5:00 get total disability + the State
5:30 pays all bills + all you need
6:00 to do is wait around to die.
6:30 Thanks a lot.
7:00 Seems like since all this
7:30 has happened, I've lost my
anger at Tom. I guess this life
scare has put all this into
perspective — I have no time or

10:00 Went today to sign up at the U.C.
10:30 Medical Center AIDS Clinic — now
11:00 my "primary" physicians. The
11:30 doctor [redacted] didn't have much
12:00 new to say — just that he wants me
12:30 to be without medication for a few
1:00 weeks to clean out my system &
1:30 Feb. 3 we'll talk about the various
2:00 experimental treatments they can
2:30 put me on. I signed consent
3:00 forms to allow them to take extra
3:30 blood from me to freeze it so
4:00 they can thaw it out in the future
4:30 for study. He said I should
5:00 wait about a month to really get
5:30 over the pneumonia & get stronger,
6:00 but he saw no problem with
6:30 [redacted] slipping me the
7:00 implant as long as it will be
7:30 under local anesthesia & not
general anesthesia. So that's
great! They had me fill out a
form about myself & I didn't

***Best wishes for 365 happy days in 1986***

8:00 know what box to check when I
8:30 came to
9:00 ☐ homosexual ☐ heterosexual ☐ bisexual
9:30 so I just wrote "F→M transsexual
10:00 with male sex partners." I wish!!
10:30 I'm feeling better every day +
11:00 in fact today I feel just as good
11:30 as before I got sick. Only thing
12:00 that bothers me is apparently I'm
12:30 losing weight, even though I'm eating
1:00 more now than ever. I've always
1:30 been 126 – when entering the hospital
2:00 they said 123 and today the doc
2:30 says 121! I have to start force
3:00 feeding myself.
