Support Camp Trans!

Camp Trans is an event that takes place outside of the Michigan Women's Music Festival each year to protest that festival's "women-born-women only" policy, which bans transsexual women from attending (and takes a stance that defines women based on criteria that doesn't include some women). This year, Camp Trans will be taking place August 12-17 and will include a variety of performers and workshops addressing the issues of trans-inclusion and activism. More info on this year's Camp Trans can be found at: strap-on.org/mwmf

wanna help? come to the benefit, give generously, and donate raffle prizes, and your time! contact:
