Dear Judy,

How is it going? Wife, of course. I am o.k. Been having some bad side effects from an antidepressant. But, otherwise I am hanging in there waiting for some word on my transfer.

I am sending you Out Magazine and the PWA RAG. Can you send me a copy of pg. 31 (Plume/Dutton book ad) and the article AIDS Vaccines pg. 90-101, both from OUT. Also, send you survey from NCCAC. I believe they are still accepting them. I sent one in some weeks ago. TIP had received a number of them.

I'll talk to you soon. Please let me know if you relocate. And, remember the photo.

love and sisterhood,
Dee
